2022 Car Sales by Country

R34

China was the #1 car sales country in 2022.

China auto sales increased 10% year-over-year to over 23 million vehicles, and outpaced 2nd place USA by nearly 10 million units.

Malaysia and Vietnam posted tremendous gains, up 42% and 33%, to make the top 25 list of the largest car sales by country.

India is the country with the greatest growth potential, up 23% in 2022, and predicted to overtake Japan for the #3 spot by 2025.
