The Illinois Department of Revenue is pleased to provide you with this reference guide about Illinois vehicle taxes. The information in this guide has been compiled to help you understand and comply with vehicle tax requirements. The contents of this guide are informational only and do not take the place of statutes, rules, or court decisions. For information on receiving binding opinions from the department, see the Illinois Administrative Code, Title 86, Section 130.1001.

In this publication, “vehicle tax” refers to the sales and use taxes that apply to the sale and purchase of items required to be titled and/or registered by an Illinois government agency. The Illinois Department of Revenue is responsible for administering tax. The Illinois government agencies listed below are responsible for processing applications for items required to be titled and/or registered.

- **Office of the Secretary of State**
(car, truck, van, motorcycle, trailer, mobile home, ATV)
- **Illinois Department of Natural Resources**
(watercraft and snowmobile)
- **Illinois Department of Transportation**
(aircraft)

You must submit one of the four tax forms listed below along with the application for title and/or registration to the appropriate agency.

- RUT-25, Vehicle Use Tax Transaction Return
- RUT-50, Private Party Vehicle Tax Transaction Return
- RUT-75, Aircraft/Watercraft Use Tax Transaction Return
- ST-556, Sales Tax Transaction Return

The information in this guide will explain which form to file. In addition, this guide includes information about ordering forms, informational bulletins, publications, and where to get help.

Glossary of Terms

The terms defined in this glossary apply in the context of this guide. These definitions do not replace definitions in the Illinois Compiled Statutes or the Illinois Administrative Code.

Aircraft	The term “aircraft” includes airplanes, helicopters, hot-air balloons, gliders, blimps, dirigibles, seaplanes, and anything else defined as “aircraft” by the Federal Aviation Administration.
All-terrain vehicle	An “all-terrain vehicle” (ATV) is defined in the Illinois Vehicle Code as any motorized off-highway device which <ul style="list-style-type: none">■ is designed to travel primarily off-highway, and■ is 50 inches or less in width, and■ has a manufacturer’s dry weight of 900 pounds or less, and■ travels on 3 or more low-pressure tires, and■ is designed with a seat or saddle for operator use and handlebars or steering wheel for steering control. Equipment such as a lawn mower is excluded.
Collar counties	Refers to the counties that border Cook County, which are DuPage , Kane, Lake, McHenry, and Will.
Date of delivery	For Form ST-556, the date the buyer took possession of the item purchased.
Exempt organization	Refers to an organization with an active Illinois sales tax exemption (E) identification number issued by the Illinois Department of Revenue.
Fair market value	The estimated value assigned to an item. If the department questions the amount of the fair market value, we have the authority to make the fair market value determination. In determining the fair market value, the department considers such factors as the year, make, model, and identification number.
Gross vehicle weight rating (GVWR)	The weight identified by the manufacturer or manufacturers as the maximum loaded weight, including passengers and cargo, of a single motor vehicle or trailer (<i>i.e.</i> , the maximum loaded weight that it can carry safely).
Leasing	The transfer of possession or right to possession of an item to a person for a valuable consideration. For automobiles, the lease must be for a period of more than one year.
Lessee	The party that takes temporary possession of the item leased.
Lessor	A business engaged in the leasing of items.
Licensed dealer	A person or business that is registered in Illinois to sell items at retail.

Glossary of Terms

Motor vehicle

The term “motor vehicle” is defined in the Illinois Vehicle Code as every vehicle which

- is self-propelled, or
- is propelled by electric power obtained from overhead trolley wires, and
- is not operated upon rails.

Vehicles moved solely by human power and motorized wheelchairs are excluded.

Motor vehicles are divided into two divisions:

First Division: Those motor vehicles which are designed for carrying 10 or less persons.

Second Division: Those motor vehicles which are

- designed for carrying more than 10 persons,
- designed or used for living quarters,
- designed for pulling or carrying freight, cargo or implements of husbandry, and
- First Division motor vehicles remodeled for use and used as Second Division motor vehicles.

Penalty and interest

You will owe a

- **late-filing penalty** if you do not file a processable return by the due date or you file a return that we cannot process and you do not correct it within 30 days of the date we notify you;
- **late-payment penalty** if you do not pay the tax you owe by the original due date of the return;
- **bad check penalty** if you send a remittance to the department that is not honored by your financial institution;
- **cost of collection fee** if you do not pay the amount you owe within 30 days of the date printed on an assessment.

Interest is calculated on tax from the original due date of the return through the date the tax is paid. Interest is simple interest figured using a daily rate.

Note: See Publication 103, Penalties and Interest for Illinois Taxes, for more information about penalties and interest. (See Page 43 for ordering information.)

Private party

A person or business that is **not** in the business of selling items at retail in Illinois and who is not required to be registered. This does **not** include out-of-state dealers.

Renting

The transfer of possession or right to possession of an automobile subject to the provisions of the Automobile Renting Occupation and Use Tax Act to a person for a valuable consideration for a period of one year or less.

Retailer

In general, a retailer includes a business or person that is in the business of selling tangible personal property for use or consumption. For purposes of this reference guide, retailers are licensed dealers or others who purchase tangible personal property with the intent to sell at retail.

Glossary of Terms

Trade-in, qualified

A qualified trade-in is an item that

- is accepted to reduce the selling price (in part or full) of the item being sold; *and*
- if sold at retail, would be required to be reported on Form ST-556 or Form RUT-25; *and*
- a dealer is in the business of selling.

Note: You are “in the business of selling” a particular kind of item if you hold yourself out to the public as being engaged in (or habitually engage in) selling such items.

Watercraft

The term “watercraft” is defined in Section 1-2 and 3-2 of the Boat and Registration Safety Act. For tax purposes, watercraft means a Class 2, Class 3, or Class 4 watercraft, a personal watercraft, or any boat equipped with an inboard motor regardless of length. As defined in the Boat and Registration Safety Act

- Class 2 watercraft includes all watercraft 16 feet or more but less than 26 feet in length,
- Class 3 watercraft includes all watercraft 26 feet or more but less than 40 feet in length,
- Class 4 watercraft includes all watercraft 40 feet in length or more, and
- personal watercraft means a vessel that
 - uses an inboard motor powering a water jet pump as its primary source of motor power, and
 - is designed to be operated by a person sitting, standing, or kneeling on the vessel, rather than the conventional manner of sitting or standing inside the vessel, and
 - includes vessels that are similar in appearance and operation but are powered by an outboard or propeller drive motor (jet skis, wave runners, etc.).

Note: Class A (canoes and kayaks) and Class 1 (all other watercraft less than 16 feet in length) are not included in the definition of watercraft for tax purposes. Tax due on these watercrafts should be reported on Form ST-44, Illinois Use Tax Return. However, if the watercraft is less than 16 feet in length *and* is equipped with an inboard motor, it should be reported on Form RUT-25 or Form ST-556, if sold by a retailer.

RUT-25 General Information

This section contains a basic overview of information pertaining to filing Form RUT-25. Read all of the instructions to make sure it is the correct tax return needed to report your transaction.

Who must file Form RUT-25?

Form RUT-25 must be filed by a person or business titling or registering an item in Illinois when the person or business

- purchased an item from an out-of-state dealer, other retailer, lending institution, or leasing company selling items that are required to be titled or registered; *or*
- moved into Illinois with an item he or she owns that was originally purchased from an out-of-state dealer, other retailer, lending institution, or leasing company selling items that are required to be titled or registered; *or*
- is an out-of-state leasing company not registered with Illinois, that is currently leasing an item to an Illinois resident.

Note: Trucks purchased from a leasing company that is **not** also in the business of selling vehicles must be reported on Form RUT-50.

What items are reported on Form RUT-25?

Items reported on Form RUT-25 include cars, trucks, vans, motorcycles, ATVs, buses, watercraft, aircraft, motor homes, trailers, snow mobiles, and mobile homes.

When is Form RUT-25 due?

Form RUT-25 **and** any tax payment are due within 30 days of the date the item is brought into Illinois. Tax is due on the use of an item in Illinois regardless of whether you apply for title or registration.

Where are Form RUT-25 and tax payments mailed?

Form RUT-25 and any tax payment must be submitted with the application for title or registration. Attach a separate payment for tax made payable to the "Illinois Department of Revenue" and a separate payment for title or registration fees to the appropriate agency. Mail all title or registration and tax documents to the appropriate agency.

How can Form RUT-25 be corrected?

If you have previously filed a Form RUT-25 and now need to correct the return, you must complete and file Form RUT-25-X, Amended Vehicle Use Tax Transaction Return.

RUT-25 Reporting Facts

This section provides a review of key requirements for properly reporting purchases on Form RUT-25. Read this information carefully. If you do not complete all applicable boxes and provide any additional required information, it may cause delays in processing the return or you may be assessed additional tax, penalty, and interest.

Step 1

Complete the buyer or lessee information. Write the address as it will appear on the Illinois title or registration. If it is in **an** unincorporated or rural area of the county, mark the YES box and provide the township.

Step 3

You must provide both the purchase date and the date brought into Illinois to process this return. If the dates are not provided, your transaction will not be correct and may result in the assessment of additional tax, penalty, and interest.

Line 5, Purchase date

Purchase date must be the same date as shown on the bill of sale or other proof of purchase.

Note: For leased items, the purchase date must be the date the item was originally purchased by the leasing company, not the contract date of the agreement, unless it is the same date.

Line 6, Date brought into Illinois

Actual date is when the item is brought into Illinois and may be the same as the purchase date. This date is used to determine when Form RUT-25 is due. The return is due within 30 days of the date the item was brought into Illinois.

STEP 4

Tax exempt transactions

Mark the **ONE** box that best describes your purchase if exempt from tax. If you claim an exemption, you also must write the purchase price on Line 1 of Step 5 and the trade-in, if any, on Line 2 of Step 5.

Note: If a box is not checked, more than one box is checked, or the additional information is not provided, your transaction will not be correct and may result in the assessment of additional tax, penalty, and interest.

Box c, Rolling stock exemption

Items purchased for hire to haul persons or commodities in interstate commerce qualify for the rolling stock exemption. You must provide the certificate of authority number of the interstate carrier.

Note: Limousines do not receive a certificate of authority number. Write "limousine" in the space provided instead of the certificate of authority number.

To qualify for this exemption a **motor vehicle** (other than a limousine) must have a GVWR of more than 16,000 pounds.

A **motor vehicle, limousine, or trailer** must carry persons or property for hire in interstate commerce each consecutive 12-month period for more than 50 percent of the motor vehicle's total trips or miles.

Any item that carries persons or property for hire but seldom or never leaves Illinois may qualify for the rolling stock exemption only when its trips or miles are a continuation of interstate commerce. For these trips or miles to count as a continuation of interstate commerce the person's journey or property's shipment must begin or end outside of Illinois.

RUT-25 Reporting Facts

To qualify for this exemption a **trailer** will follow the same test as the motor vehicle. In lieu of documenting each and every trailer, you may determine if the trailer meets one of the following tests and provide us that information.

- If the trailer is dedicated to a motor vehicle that qualified for the rolling stock exemption, the trailer also qualifies.
- If the trailer is dedicated to a group of motor vehicles that all qualify for the rolling stock exemption, then the trailer qualifies.
- If one or more trailers are dedicated to a group of motor vehicles of which some qualify and some do not qualify for the rolling stock exemption, only the percentage of motor vehicles that qualify for the rolling stock exemption will be applied to the trailers. No partial trailer will be allowed the exemption.

Note: At the time the motor vehicle, limousine, or trailer is purchased, the purchaser must indicate the “trips” or “miles” method on Form RUT-7, Rolling Stock Certification, to account for the rolling stock exemption. If the purchaser does not indicate “trips” or “miles,” we consider the purchaser to have chosen the mileage method. For additional information on the rolling stock exemption, please see the Illinois Administrative Code, Title 86, Section 130.340.

Note: You do not need to attach Form RUT-7 when filing Form RUT-25 but you must keep all information required to qualify your purchase as exempt from tax in your books and records.

To qualify for this exemption, the **aircraft or watercraft** must be used to carry persons or property for hire in interstate commerce on a regular and frequent basis.

Box f Out-of-state resident exemption

You were an out-of state resident (individuals only) and the item was used outside Illinois at least 3 months. You must surrender the out-of-state title, registration or other proof of the item’s use when you apply for an Illinois title. You cannot claim this exemption if you are a leasing company, lessee, business relocating into Illinois, an individual who used the item outside Illinois for less than three months, or military person whose home of record is Illinois. You may claim depreciation for out-of-state use on Line 4 of Step 5 and credit for taxes properly due and paid to another state on Line 7 of Step 5.

Step 5 Figure the tax

Make sure that all dollar amounts are clearly written and all applicable boxes are marked so the tax amount due is properly computed.

Bill of sale

A copy of the bill of sale is required and you must attach it to Form RUT-25 as proof of the purchase date, purchase price, and any sales and use tax previously paid to another state which must be clearly and separately stated. If you do not have or cannot obtain a bill of sale, we will accept a

- dealer’s invoice;
- letter from a leasing company;
- letter from the selling dealer;
- fair market valuation from a licensed Illinois dealer; *or*
- copy of the lease agreement clearly indicating the lessor’s cost price of the motor vehicle.

RUT-25 Reporting Facts

Line 1, Purchase price

Purchase price is the total consideration paid whether received in money or otherwise; including accessories, dealer preparation, federal excise taxes, freight, labor, documentary fees, and any rebates or incentives for which a dealer is reimbursed from any source. It does not include a deduction for allowance, depreciation, or credit for taxes due and properly paid to another state.

Note: Federal Excise Tax on trucks with a GVWR of 33,000 lbs. or more, or trailers or semitrailer chassis with a GVWR of 26,000 lbs. or more, should **not** be included in the total price and are **not** subject to tax.

Line 4, Depreciation for prior out-of-state use

Depreciation can be claimed when an item has been purchased at retail or leased and used outside of Illinois by

- leasing companies;
- lessees;
- businesses relocating into Illinois;
- businesses or individuals who used the motor vehicle outside of Illinois for more than three months; *or*
- military persons whose home of record is Illinois.

For an item of the First and Second Division, depreciation is figured at the rate of 2 percent (.02) for each whole month the item was used outside of Illinois. (For example, you purchased an item on 1/15/08 and brought the item into Illinois on 4/8/08. You may claim depreciation for only two months of that time, from 1/15/08 through 3/15/08. The remaining period of time from 3/16/08 through 4/8/08 is not a whole month and you cannot claim depreciation for it.)

Line 6, Tax rates

The tax rate for most Illinois addresses other than those listed in the counties below is 6.25 percent (.0625). If the address for title and/or registration is in one of these counties refer to Form RUT-25 instructions for the appropriate rate.

- Cook
- DuPage
- Kane
- Lake
- McHenry
- Will
- St. Clair
- Madison

Step 6 Signature

It is very important that Form RUT-25 is properly signed and dated (co-owner's too, if applicable). If the return is not properly signed, it will be considered unprocessable and we will send a notice to the filer. This notice may result in the assessment of penalty.

RUT-25 Common Questions

Does the purchase of a boat and trailer from an out-of-state dealer or leasing company require reporting on separate RUT-25 forms?

Yes. Two separate forms must be completed. Send a completed Form RUT-25 for the trailer purchase to the Office of the Secretary of State along with the application for title. Send a completed Form RUT-25 for the boat purchase to the Department of Natural Resources along with the application for title. Attach a separate payment for tax made payable to the “Illinois Department of Revenue” and a separate payment for title or registration fees to the appropriate agency.

How is the purchase of an item that will be leased to a government organization reported?

Report the transaction on Form RUT-25 by

- checking Box A in Step 4, *and*
- writing the government organization’s active Illinois Department of Revenue exemption number on the line provided, *and*
- completing Lines 1 and 2 in Step 5. No tax is due.

The lease must be in the name of the governmental body with an active Illinois Department of Revenue exemption number. The lease must be for more than one year and be executed or in effect at the time the lessor purchases the item.

If I am currently leasing an item and move into Illinois, what is the tax requirement on my leased item?

Report the transaction on Form RUT-25 and pay any Illinois Use Tax within 30 days of the date your leased item is brought into Illinois. The tax is determined by the address where the item will be titled in Illinois. Figure the tax on the original purchase price that was paid by the leasing company. A deduction is allowed for a trade-in, if any, and depreciation for prior out-of-state use. You may also claim credit for sales or use tax properly due and paid to another state. The return and tax payment must be submitted with the application for title to the appropriate Illinois titling agency.

How should the tax be reported when a bank or other lending agency sells a repossessed item?

If the bank or lending agency applies for title to the repossessed item in their name and then sells the item to a new buyer, a sale occurs and tax is due either on Form ST-556 (if registered) or Form RUT-25. However, if the original owner, co-owner, or co-signer (of the loan) redeems (resumes) possession of the item, the transaction is not regarded as a sale and is not subject to tax.

Check Box F in Section 5 on Form ST-556 and write in “Redemption” or check Box g in Step 4 on Form RUT-25.

If the bank or lending agency does not apply for title to the repossessed item in their name and reassigns the title to the new buyer, then tax is due on the applicable Form RUT-50 or Form RUT-75 as a private transaction between the previous owner of the repossessed item and the new buyer.

What does the Illinois Department of Revenue require to show proof that tax was paid to another state?

A copy of the bill of sale that clearly states the amount of tax that was paid to another state. If you do not have or cannot obtain a bill of sale, we will accept a

- dealer’s invoice;
- letter from a leasing company;
- letter from the selling dealer; *or*
- copy of the lease agreement showing the financial information.

RUT-25 Common Questions

Can an individual trade in an item he or she owns and get a trade-in allowance to reduce tax on a new leased item?

Yes. An out-of-state dealer may give a trade-in allowance on a new leased item when an individual trades in an item he or she owns.

Can a lessee trade in a leased item and get a trade-in allowance to reduce tax on a new leased item?

No. The lessee is not the owner of the item and is not entitled to a trade-in allowance.

Is an exempt organization with a valid exemption number exempt from tax on a leased item?

No. In this case, the exempt organization is not the owner of the item; the lessor is the owner of the item and tax is due on this transaction.

RUT-50 Private Party Vehicle Tax Chart

The purchase price (or fair market value) of a vehicle determines which tax table to use. The purchase price is the value given for a vehicle and may be in the form of money, credit, property, or service. When there is no stated purchase price, such as in the case of a gift or even trade, the fair market value should be used. The fair market value may be obtained from a licensed dealer.

Note: A trade-in deduction is not allowed on this tax.

Table A

Use the table below when the purchase price (or fair market value) of a vehicle is less than \$15,000. The tax due is determined by the vehicle age.

Table B

Use the table below when the purchase price (or fair market value) of a vehicle is \$15,000 or more. The tax due is determined by the purchase price (or fair market value) of the vehicle.

Purchase price (or fair market value) (\$)	Tax due (\$)
15,000 to 19,999.99	750
20,000 to 24,999.99	1,000
25,000 to 29,999.99	1,250
30,000 or more	1,500

Other transaction types that may be reported on Form RUT-50 are listed below along with the required tax amount due.

Exemptions

If one of the following exemptions apply, the tax due is \$0.

- purchaser is a tax-exempt organization
- vehicle is a farm implement primarily used in production agriculture and not required to be registered under the Illinois Vehicle Code or is a ready-mix concrete truck that qualifies under the manufacturing machinery and equipment exemption
- vehicle is used for rolling stock
- purchaser was an out-of-state resident and vehicle was used outside of Illinois for at least three months (individuals only)
- vehicle is an estate gift to a surviving spouse

Exceptions

If one of the following exceptions apply, the tax due is \$15.

- vehicle is an estate gift to a beneficiary other than a surviving spouse
- vehicle is being transferred in a business reorganization
- vehicle is being transferred or purchased from a spouse, parent, brother, sister, or child

Motorcycles or ATVS

If the purchase is a motorcycle, motor-driven cycle, 3- or 4-wheel all-terrain vehicle (ATV), or motorized pedalcycle, the tax due is \$25.

RUT-50 General Information

This section contains a basic overview of information pertaining to filing Form RUT-50. Read all of the instructions for Form RUT-50 to make sure it is the correct tax return needed to report your transaction.

Who must file Form RUT-50?

You must file Form RUT-50, Private Party Vehicle Tax Transaction, if you purchase or acquire by gift or transfer a motor vehicle from a private party.

What items are reported on Form RUT-50?

Motor vehicles that must be reported on Form RUT-50 include cars, trucks, vans, motorcycles, motor homes, ATVs, and buses.

Note: Trailers, snowmobiles, watercraft, aircraft, and mobile homes are not subject to this tax and are not required to be reported on Form RUT-50.

Aircraft and watercraft acquired by gift, donation, transfer, or non-retail purchase from a private party are subject to tax but must be reported on Form RUT-75, Aircraft/Watercraft Use Tax Return. (See Pages 25-28 for more information.)

When is Form RUT-50 due?

Form RUT-50 and any tax payment are due within 30 days from the date the vehicle was purchased or acquired by gift or transfer. Tax is due on the use of an item in Illinois regardless of whether you apply for title or registration.

Where are Form RUT-50 and tax payments mailed?

Form RUT-50 and any tax payment must be submitted with the application for title. Attach a separate payment for tax made payable to the "Illinois Department of Revenue" and a separate payment for title fees to the appropriate agency. Mail all title and tax documents to

OFFICE OF THE SECRETARY OF STATE
VEHICLE SERVICES DEPARTMENT

1 800 252-8980 (general information)
217 782-6387 (registration information)
217 782-6306 (title information)

How can Form RUT-50 be corrected?

If you have previously filed a Form RUT-50 and now need to correct the return, you must complete and file Form RUT-50-X, Amended Private Party Vehicle Tax Transaction.

RUT-50 Reporting facts

This section provides a review of key requirements for properly reporting purchases on Form RUT-50. Read this information carefully. If you do not complete all applicable boxes and provide any additional required information, it may cause delays in processing the return or you may be assessed penalty and interest.

Step 1 **Line 3, Purchaser's address**

The purchaser's address must be an Illinois address, which will be the same address as on the motor vehicle's Illinois title.

Step 3

The purchase price or fair market value of the motor vehicle is required for the processing of this return. It must be provided for every transaction reported on Form RUT-50, even if one of the exemptions (\$0 tax due) or exceptions (\$15 tax due) is claimed in Step 4.

Purchase price is the value given for a motor vehicle and may be in the form of money, credit, property or service but does not include a deduction for trade-in allowance. When there is no stated purchase price, such as a gift or even trade, use the fair market value of the vehicle.

Step 4 **Transaction description**

Step 4 is divided into the following four transaction types:

- **1 Exemption \$ 0 tax due**
Boxes 1a through 1e describe exemptions that may apply to transactions being reported.
- **2 Exception \$15 tax due**
Boxes 2a through 2c describe exceptions that may apply to transactions being reported.
- **3 Motorcycle or ATV \$25 tax due**
Box 3 must be used if the transaction being reported is a motorcycle or ATV.
- **4 Table A or Table B See form instructions or tax chart for the tax due**
Boxes 4a and 4b must be used for transactions that do not qualify under the first three transaction types. The purchase price or fair market value of the vehicle determines which one of the tables you must use.

Mark only **ONE** box in Step 4 that best describes your transaction. You must provide additional information if you mark Box 1a, tax-exempt organization, 1c, rolling stock, or 1d, out-of-state resident.

Note: If a box is not marked, more than one box is marked, or the additional information is not provided, your transaction will be considered unprocessable and we will send a notice to the filer. This notice may result in the assessment of tax, penalty, and interest.

Box 1c, Rolling stock exemption

Items purchased for hire to haul persons or commodities in interstate commerce qualify for the rolling stock exemption. You must provide the certificate of authority number of the interstate carrier. Write \$0 tax due on Line 1 of Step 5.

Note: Limousines do not receive a certificate of authority number. Write "limousine" in the space provided instead of the certificate of authority number.

To qualify for this exemption a **motor vehicle** (other than a limousine) must have a GVWR of more than 16,000 pounds.

A **motor vehicle** or **limousine** must carry persons or property for hire in interstate commerce each consecutive 12-month period for more than 50 percent of the motor vehicle's total trips or miles.

RUT-50 Reporting Facts

Any **item** that carries persons or property for hire but seldom or never leaves Illinois may qualify for the rolling stock exemption only when its trips or miles are a continuation of interstate commerce. For these trips or miles to count as a continuation of interstate commerce the person's journey or property's shipment must begin or end outside of Illinois.

Note: At the time the motor vehicle, limousine, or trailer is purchased, the purchaser must indicate the "trips" or "miles" method on Form RUT-7, Rolling Stock Certification, to account for the rolling stock exemption. If the purchaser does not indicate "trips" or "miles," we consider the purchaser to have chosen the mileage method. For additional information on the rolling stock exemption, please see the Illinois Administrative Code, Title 86, Section 130.340.

Note: You do not need to attach Form RUT-7 when filing Form RUT-50 but you must keep all information required to qualify your purchase as exempt from tax in your books and records.

Box 1d, Out-of-state resident exemption

You were an out-of state resident and the item was used outside Illinois at least 3 months. You must surrender the out-of-state title, registration or other proof of the item's use when you apply for an Illinois title. You cannot claim this exemption if you are a leasing company, lessee, business relocating into Illinois, an individual who used the item outside Illinois for less than three months, or military person whose home of record is Illinois. You must also provide the original date that the motor vehicle was purchased or acquired. Write \$0 tax due on Line 1 of Step 5.

Box 2c, Immediate family member exception

Circle the family relationship between the purchaser and seller that qualifies for this exemption. Write \$15 tax due on Line 1 of Step 5.

- Spouse
- Parent
- Brother
- Sister
- Child

Step relations do not qualify as immediate family members for this exception tax.

Note: The surrendered title of the motor vehicle must be in the name of the qualifying immediate family member who is selling, transferring, or giving the motor vehicle.

Box 3, Motorcycle or ATV

If the motor vehicle is a motorcycle, motor-driven cycle, three-wheel or four-wheel all terrain vehicle (ATV) or a motorized pedalcycle, write \$25 tax due on Line 1 of Step 5.

Note: When reporting the purchase of a motorcycle or ATV from a private party on Form RUT-50, do not figure the amount of tax due based on the purchase price and the tax tables.

RUT-50 Reporting facts

Boxes 4a and 4b, Table A and Table B

If the item does not qualify for one of the exemptions or is not a motorcycle or ATV, then tax is due based on the purchase price or fair market value of the motor vehicle. The price or value of the motor vehicle determines which of the tables you should use to figure your tax. Do **not** automatically use Table A.

If the purchase price or fair market value reported on Line 1 of Step 3 is

- less than \$15,000, you must use Table A. This table allows you to figure the tax due based on the age of the motor vehicle.
- \$15,000 or more, use Table B. This table is based solely on the purchase price; the motor vehicle's age is not a factor.

Note: You will find a sample of Form RUT-5, RUT-50 Private Party Vehicle Tax Chart on Page 17 of this guide. The chart includes Table A and Table B. You can also find Table A and Table B in the instructions for Form RUT-50.

Note: If a review of the return results in a question about the amount of the fair market value stated, the department has the authority to determine fair market value.

Step 5 Figure the tax

Make sure that all dollar amounts are clearly written and all applicable boxes are marked so the tax amount due is properly computed.

Step 6 Signature

It is very important that Form RUT-50 is properly signed and dated (co-owner's too, if applicable). If the return is not properly signed, it will be considered unprocessable and we will send a notice to the filer. This notice may result in the assessment of penalty.

RUT-50 Common Questions

When is the fair market value of a motor vehicle required in a private transaction?

Fair market value is used when there is no stated purchase price between the purchaser and seller of a motor vehicle (e.g., an even trade, a gift of a motor vehicle, or as the result of a legal settlement).

Is tax due when individuals trade motor vehicles?

Yes. Tax is due because there is no provision for any trade-in allowance on Form RUT-50. The tax amount due is determined by the purchase price or fair market value of the motor vehicle and is figured from either Table A or Table B.

Are private transactions of boats reported on Form RUT-50?

No. Boats purchased from a private party should be reported on Form RUT-75, Aircraft/Watercraft Use Tax Transaction Return. (See Pages 25-28 for more information.)

Are private transactions of trailers reported on Form RUT-50?

No. Trailers purchased from a private party are not subject to tax and are not required to be reported on Form RUT-50.

Can the \$15 exception tax for business reorganization be claimed by a business that liquidates its assets and sells a motor vehicle to an employee?

No. When a business sells a motor vehicle to an employee, the ownership changes to the employee. In this situation, the tax due is determined by the purchase price or fair market value of the motor vehicle and is figured from Table A or Table B. The \$15 exception tax can only be claimed if the beneficial ownership of the motor vehicle does not change.

What are some examples of when the \$15 exception tax for business reorganization can be claimed?

Some common examples of when the \$15 exception tax can be claimed include

- a sole proprietorship with company vehicles changes the business name but the ownership remains the same.
- a partnership with company vehicles changes the business name but the ownership remains the same.

Is a bill of sale required to be attached to Form RUT-50?

No. You should, however, keep a bill of sale or some proof of the purchase transaction which includes Form RUT-49, Vehicle Transaction Affidavit, in your records in case there are questions concerning the information reported on the tax return. Form RUT-49 is to be used in lieu of a bill of sale if there are questions regarding the purchase price.

Note: Attaching a copy of the bill of sale or proof of purchase may prevent future notices.

If I am awarded a motor vehicle as a result of a divorce order, am I entitled to the \$15 exception tax for immediate family members?

No. Prior spouses are not recognized as family members and cannot claim the \$15 exception tax. In this situation, the tax due is determined by the purchase price or fair market value of the motor vehicle and is figured from Table A or Table B.

RUT-50 Common Questions

Is tax due on a motor vehicle given as a gift?

Yes. In general, the tax amount due is determined by the purchase price or fair market value of the motor vehicle and is figured from either Table A or Table B. If a motor vehicle is transferred as an estate gift to a beneficiary who is the surviving spouse, the transfer qualifies as exempt from tax. If a motor vehicle is transferred as an estate gift to a beneficiary other than the surviving spouse, the transfer qualifies for the \$15 exception tax.

Do step-relations qualify for the \$15 exception tax?

No. Step relations do not qualify for this exception tax. The \$15 exception tax only applies to immediate family members when the relationship between the seller and purchaser of a motor vehicle is a spouse, mother, father, brother, sister, or child.

RUT-75 General Information

This section contains a basic overview of information pertaining to filing Form RUT-75, Aircraft/Watercraft Use Tax Return. Read all of the instructions to make sure it is the correct tax return needed to report your transaction.

Who must file Form RUT-75?

Form RUT-75 must be filed by a person or business who

- acquired an aircraft or watercraft by gift, donation, transfer, or non-retail purchase from a private party for use in Illinois, or
- moved into Illinois with an aircraft or watercraft he or she owns that was originally acquired by gift, donation, transfer, or non-retail purchase from a private party for use in Illinois.

Note: For purposes of this guide, “non-retail purchase” means a purchase from a person or business that is not in the business of selling aircraft or watercraft at retail.

What items are reported on Form RUT-75?

Items reported on Form RUT-75 include aircraft and watercraft as defined on pages 5 and 7.

Note: Class A (canoes and kayaks) and Class 1 (all other watercraft less than 16 feet in length) are not reported on Form RUT-75.

When is Form RUT-75 due?

Form RUT-75 and any tax payment are due within 30 days from the date the aircraft or watercraft is acquired or brought into Illinois, whichever is later. Tax is due on the use of an aircraft or watercraft in Illinois regardless of whether you apply for title or registration.

Where are Form RUT-75 and tax payments mailed?

Form RUT-75 and any tax payment must be submitted with the application for registration. Attach a separate payment for tax made payable to the “Illinois Department of Revenue” and a separate payment for registration fees to the appropriate agency. Mail all registration and tax documents to

How can Form RUT-75 be corrected?

If you have previously filed a Form RUT-75 and now need to correct the return, you must complete and file Form RUT-75-X, Amended Aircraft/Watercraft Use Tax Transaction Return.

RUT-75 Reporting Facts

This section provides a review of the key requirements for properly reporting purchases on Form RUT-75. Read this information carefully. If you do not complete all applicable boxes and provide any additional required information, it may cause delays in processing the return and as a result, you may be assessed additional tax, penalty, and interest.

Step 1 **Line 3, Purchaser's address**

The purchaser's address must be the same as it will appear on the Illinois registration for the aircraft or watercraft.

Step 3

The date acquired and the date brought into Illinois are required for the processing of this return. You must provide both of these dates for every transaction reported on Form RUT-75. If the dates are not provided, your transaction will not be correct and may result in the assessment of additional tax, penalty, and interest.

Line 4, Date Acquired

For aircraft, the date acquired must be the same date as shown on the attached FAA bill of sale and purchase agreement/invoice.

Note: For leased aircraft, the date acquired must be the date the aircraft was originally purchased by the leasing company, not the contract date of the agreement, unless it is the same date.

For watercraft, the date acquired must be the same date as shown on the purchase agreement/invoice.

Line 5, Date brought into Illinois

The actual date the aircraft or watercraft was brought into Illinois must be provided and may be the same as the date acquired. This date is used to determine when Form RUT-75 is due. The return is due within 30 days of the date acquired or the date brought into Illinois, whichever is later.

Step 4 **Tax exempt transactions**

Mark only **ONE** box in Step 4 that best describes your transaction if exempt from tax. You must provide additional required information if you mark Box a or b.

Note: If a box is not marked, more than one box is marked, or the additional information is not provided, your transaction will not be correct and may result in the assessment of additional tax, penalty, and interest.

If you claim an exemption, you must also write the purchase price or fair market value on Line 1 of Step 5.

Line 1b, Rolling stock exemption

Items purchased for hire to haul persons or commodities in interstate commerce qualify for the rolling stock exemption if used on a regular and frequent basis. You must provide the certificate of authority number of the interstate carrier.

Note: You do not need to attach Form RUT-7, Rolling Stock Certification, when filing Form RUT-75 but you must keep all information required to qualify your purchase as exempt from tax in your books and records.

RUT-75 Reporting Facts

Step 5 **Figure the tax**

Make sure that all dollar amounts are clearly written and all applicable boxes are marked so the tax amount due is properly computed.

Line 1, Purchase price

Purchase price is the total consideration paid whether received in money or otherwise; this includes cash, credits, property, and services. There is no trade-in allowance for aircraft or watercraft subject to Aircraft Use Tax or Watercraft Use Tax.

Note: If you are acquiring a share of the aircraft or watercraft, tax is based on the purchase price or fair market value of the share acquired.

Attach a copy of the purchase agreement/invoice. The item's purchase price and any amount of tax previously paid must be clearly and separately stated.

If the purchase price is less than the fair market value, you must pay tax on the item's fair market value on the date the item was acquired or brought into Illinois, whichever is later. **Note:** The only exception allowed is a watercraft transfer between immediate family members (i.e., a spouse, parent, brother, sister, or child). In this case, write the purchase price on Line 1.

If our review of this return results in a question about the amount stated on Line 1, we have the authority to determine the item's fair market value through an independent valuation. We will send you a notice if additional tax is owed.

Aircraft purchase or transfer - Attach a copy of the FAA bill of sale.

Watercraft purchase or transfer - The purchase price or fair market value must include the value of any motor sold with, or as part of, the transaction.

Line 2, Tax rate

The tax rate for Form RUT-75 is 6.25 percent (.0625) of the purchase price or fair market value, whichever is greater.

Step 6 **Signatures**

It is very important that Form RUT-75 is properly signed and dated (co-owner's too, if applicable). If the return is not properly signed, it will be considered unprocessable, and we will send a notice to the filer. This notice may result in the assessment of penalty.

RUT-75 Common Questions

When is the fair market value of an aircraft or watercraft required in a private transaction?

The fair market value must be used when

- the purchase price of the aircraft or watercraft is less than fair market value, *or*
- there is no stated selling price or purchase price (*e.g.*, a trade, gift, donation, or transfer of an aircraft or watercraft, or as the result of a settlement).

Is tax due when a trade is made between individuals?

Yes. Tax is due because there is no provision for any trade-in allowance on Form RUT-75. The tax due is based on the fair market value of the aircraft or watercraft.

Is a bill of sale required to be attached to Form RUT-75?

For aircraft, yes. Both the FAA bill of sale and purchase agreement/invoice must be attached to Form RUT-75 as proof of the purchase price and any sales and use tax properly due and paid to another state. For watercraft, only the purchase agreement/invoice is required.

Is tax due on an aircraft or watercraft received as a gift or donation?

Yes. Tax is based on the fair market value of the aircraft or watercraft.

What is the tax requirement when moving into Illinois with an aircraft or watercraft I already own?

If the aircraft or watercraft was originally purchased (or acquired by gift, donation, or transfer) from an individual or non-retail party, you must complete and file Form RUT-75 within 30 days from the date you bring the aircraft or watercraft into Illinois.

If the aircraft or watercraft was originally purchased from an out-of-state dealer, other retailer, leasing company, or lending institution selling at retail, you must complete and file **Form RUT-25** within 30 days from the date you bring the aircraft or watercraft into Illinois.

Note: We will allow credit for tax previously paid to another state only if the tax was properly due and separately stated on any proof of tax payment.

Is tax due on an aircraft or watercraft that is purchased for agricultural use?

No. Aircraft and watercraft are eligible for the farm machinery and equipment exemption if these items are used **primarily** (more than 50%) in production agriculture. For example, an aircraft used primarily for crop dusting and a watercraft used primarily for fish farming.

ST-556 General Information

This section contains a basic overview of information pertaining to filing Form ST-556. Read all of the instructions to make sure this is the correct tax return needed to report your transaction.

Who must file Form ST-556?

Form ST-556 must be filed if you are in the business of selling items that are normally required to be titled or registered by an agency of Illinois state government at retail in Illinois.

What items are reported on Form ST-556?

Items that must be reported on Form ST-556 include cars, trucks, vans, motorcycles, ATVs, buses, watercraft, aircraft, motor homes, trailers, snowmobiles, and mobile homes sold at retail.

Note: When a retailer permanently affixes or incorporates a mobile home into real estate, that retailer is acting as a construction contractor and owes sales tax on his or her cost of the mobile home and other items that become part of real estate. Receipts and tax, when due, must be reported on Form ST-1, Sales and Use Tax Return. For information on what taxes are due, see the Illinois Administrative Code, Title 86, Sections 130.1940 and 130.2075.

When is Form ST-556 due?

Form ST-556 and any tax payment are due within 20 days of the date of delivery of the item. Tax is due on the sale of an item in Illinois regardless of whether you submit an application for registration.

Where are Form ST-556 and payments mailed?

Form ST-556 and any tax payment must be submitted with the application for title or registration. Attach a separate payment for tax made payable to the "Illinois Department of Revenue" and a separate payment for title or registration fees to the appropriate agency. Mail all title or registration and tax documents to

**How can Form ST-556
be corrected?**

If you have filed a Form ST-556 previously and now need to correct the return, you must complete and file Form ST-556-X, Amended Sales Tax Transaction Return.

**How are off-site sales
reported?**

If you hold or participate in an off-site sales event (sometimes referred to as a “tent sale”) at a location other than your normal place of business, you may need to make changes to information we preprint on your Form ST-556. For complete instructions on how to make the changes, see publication ST-23, How to Report Off-site Sales on Form ST-556, Sales Tax Transaction Return. (See Page 43 of this publication for ordering information.)

ST-556 Reporting Facts

This section provides a review of key requirements for properly reporting sales on Form ST-556. Read this information carefully. If you do not complete all applicable lines and provide any additional required information, it may cause delays in processing the return or you may be assessed additional tax, penalty and interest.

Section 3

Date of delivery

The date of delivery is used to determine when Form ST-556 is due. The return is due within 20 days of the date the item is sold or transferred.

The date of delivery is required for the processing of this return. If you do not provide this date, your transaction will not be correct and may result in the assessment of additional tax, penalty, and interest.

Section 4

Describe the trade-in

If you take a qualified trade-in toward the sale of an item, you must describe the trade-in in this section. A qualified trade-in is an item that

- you accept to reduce the selling price (in part or in full) of the item sold; and
- if sold at retail would be required to be reported on Form ST-556; and
- you are in the business of selling.

Note: You are “in the business of selling” a particular kind of item if you publicly present yourself as being engaged in (or habitually engage in) selling such items. For example, if you are in the business of selling both cars and boats, you may take a boat as trade-in toward the sale of a car to reduce the selling price. However, if you only sell cars, you may not take a boat as a trade-in for a car.

Section 5

Tax exemptions

Mark the **ONE** box in Section 5 that best describes your exempt transaction. You must provide additional required information if you check Box A through F.

Note: If a box is not checked, more than one box is checked, or the additional information is not provided, your transaction will not be correct and may result in the assessment of additional tax, penalty, and interest.

If you claim an exemption, you also must write the purchase price on Line 1 of Section 6 and the trade-in, if any, on Line 2 of Section 6.

Box A, Nonresident buyer exemption

Check this box if you sold a vehicle or trailer to a nonresident buyer who took possession of the item in Illinois and

- you issued a drive-away permit for the item sold; or
- the buyer transferred out-of-state license plates to the item sold.

If you issued a drive-away permit, write the drive-away permit number in the space provided. If the buyer transferred current out-of-state license plates to the item sold, write the license plate number. In either case, write the **two-letter state** abbreviation in the space provided.

Effective February 1, 2005, certain nonresidents may not be entitled to the out-of-state buyer exemption on purchases of motor vehicles or trailers.

Nonresidents may not be entitled to the “out-of-state buyer” exemption if the motor vehicle or trailer will be titled in a state that does not give Illinois residents an “out-of-state buyer” exemption on their purchases in that state of motor vehicles or trailers that will be titled in Illinois (*i.e.*, there is no reciprocal exemption). Visit our web site at tax.illinois.gov for a complete listing of states and the tax rate or tax amount you are required to collect.

ST-556 Reporting Facts

Box D, Rolling stock exemption

Items purchased for hire to haul persons or commodities in interstate commerce qualify for the rolling stock exemption. You must provide the certificate of authority number of the interstate carrier.

Note: Limousines do not receive a certificate of authority number. Write "limousine" in the space provided instead of the certificate of authority number.

To qualify for this exemption the **motor vehicle** (other than a limousine) must have a GVWR of more than 16,000 pounds.

A motor vehicle, limousine, or trailer must carry persons or property for hire in interstate commerce each consecutive 12-month period for more than 50 percent of the motor vehicle's total trips or miles.

Any motor vehicle that carries persons or property for hire but seldom or never leaves Illinois may qualify for the rolling stock exemption only when its trips or miles are a continuation of interstate commerce. For these trips or miles to count as a continuation of interstate commerce the person's journey or property's shipment must begin or end outside of Illinois.

To qualify for this exemption a **trailer** will follow the same test as the motor vehicle. In lieu of documenting each and every trailer, you may determine if the trailer meets one of the following tests and provide us that information.

- If the trailer is dedicated to a motor vehicle that qualified for the rolling stock exemption, the trailer also qualifies.
- If the trailer is dedicated to a group of motor vehicles that all qualify for the rolling stock exemption, then the trailer qualifies.
- If one or more trailers are dedicated to a group of motor vehicles of which some qualify and some do not qualify for the rolling stock exemption, only the percentage of motor vehicles that qualify for the rolling stock exemption will be applied to the trailers. No partial trailer will be allowed the exemption.

Note: At the time the motor vehicle, limousine, or trailer is purchased, the purchaser must indicate the "trips" or "miles" method on Form RUT-7, Rolling Stock Certification, to account for the rolling stock exemption. If the purchaser does not indicate "trips" or "miles," we will consider the purchaser to have chosen the mileage method. For additional information on the rolling stock exemption, please see the Illinois Administrative Code, Title 86, Section 130.340.

Note: You do not need to attach Form RUT-7 when filing Form ST-556 but you must keep in your books and records all information required to qualify your purchase as exempt from tax.

To qualify for the exemption, the aircraft or watercraft must be used to carry persons or property for hire in interstate commerce on a regular and frequent basis.

Box F, Other

Mark this box, if you sell an item that qualifies as tax exempt but does not fit any other category. Describe your exempt transaction. Some examples of other exempt transactions that qualify are sales

- to foreign missions or diplomats;
- for interim use or demonstration purposes;
- of ready mix concrete trucks;
- of aircraft fly away

ST-556 Reporting Facts

- of motor vehicles that you deliver in interstate commerce;
- of motor vehicles that you deliver in foreign commerce; *or*
- of motor vehicles as farm machinery and equipment.

Note: ATV's may qualify for the farm machinery and equipment exemption if they are used primarily (more than 50% of the time) in production agriculture activities such as pulling sprayers while they apply chemicals to fields or collecting and mapping soil samples. The use of ATV's for farm transportation or recreation purposes does not constitute production agriculture. The farm machinery and equipment exemption may be documented using Form ST-587, Equipment Exemption Certificate. Certification should be maintained in the dealer's books and records.

Voided forms

If it is necessary to void a Form ST-556, you should write the word "Void" across the front of the return and keep all three pages of the voided form in your records for 42 months for audit purposes.

Section 6 Figure the tax

Make sure that all dollar amounts are clearly written and all applicable lines are completed so the tax amount due is properly computed.

Line 1, Total price

The total price normally includes the following:

- Accessories
- Dealer preparation
- Federal excise taxes
- Freight and labor
- Documentary fees
- Any rebate or incentive for which a dealer will be reimbursed

In general, any cost passed on to the customer as part of the sale of an item and for which gross receipts are received should be included in the total price.

Line 2, Trade-in credit or value

If you report an amount on this line, describe the qualified trade-in(s) in Section 4. If you are claiming more than one qualified trade-in, combine the total amounts of all trade-ins.

Line 4, Tax rate

The tax rate the dealer is required to collect is preprinted in Section 6, Line 4. This rate is based on the registered business location of the dealer that is preprinted in the upper left portion of Form ST-556.

Non-Reciprocal rates: For nonresidents who are not entitled to the "out-of-state buyer" exemption, the tax rate that must be used to compute the tax due may be different from the rate that is preprinted on your Form ST-556. In general, the tax rate is the nonresident's state sales tax rate, but is limited to 6.25 percent if the nonresident's state sales tax rate is higher than 6.25 percent. Certain exceptions apply. For a complete listing of states and the tax rate or tax amount you are required to collect see Form ST-58, Reciprocal-Non-Reciprocal Vehicle Tax Rate Chart, on our web site at tax.illinois.gov. Cross through the preprinted rate on Line 4 and write the appropriate rate.

Line 4, Chicago Home Rule Use Tax

If the business location of the dealer is in Cook or the collar counties and a motor vehicle is sold to a buyer who lives in the City of Chicago, an additional 1.25 percent (.0125) Chicago Home Rule Use Tax must be collected. This rate increase became effective July 1, 2005. This combined tax rate is preprinted below Line 4 and must be reported on Line 4, **not** Line 5.

ST-556 Reporting Facts

Note: Do not report the Cook County Home Rule Use Tax of 1.75 percent (.0175) on Form ST-556. This tax is administered and collected directly by the Cook County Department of Revenue.

Line 7a, MED fee

If you are a dealer located in the Metro-East Mass Transit District (MED) of St. Clair County, you are required to collect the MED fee on sales of items you make from your business location, even if the item will be titled or registered outside the MED portion of St. Clair County. If the transaction is exempt from sales tax, no fee is owed.

The fee rate is 0.5 percent (0.005) of the total price minus any trade-in, or \$20 whichever is less.

Note: This fee also applies to sales made by registered out-of-state lessors who, at the end of the lease, sell an item that is located in the MED portion of St. Clair County.

Note: The retailers' 1.75 percent timely-filed discount **does not** apply to this fee.

For affected dealers, Form ST-556 will have Line 7a printed immediately below Line 7. The instructions for Line 8, Net tax due, have also been changed. Write the amount of fee owed on Line 7a and also include it in the computation on Line 8.

Line 10, Credit for previously paid tax

If you are a leasing company and you are making a retail sale of an item you previously purchased **for leasing purposes**, you may take credit on Line 10 of Form ST-556 for the tax that you previously paid providing that

- you **either** paid the tax to an **Illinois retailer on Form ST-556 or directly to the department on Form RUT-25** when you purchased the item;
- the amount of credit you take for tax previously paid is equal to or less than the amount of the tax due on the Form ST-556 on which you are now reporting the retail sale of this same previously leased item; and
- on the line provided below Line 10, you write the tax return number of the Form ST-556 filed by the Illinois retailer **or the tax return number of the Form RUT-25 you filed directly with the department to whom you previously paid the tax.**

Signature

It is very important that Form ST-556 is properly signed and dated by both the buyer and seller. If the return is not properly signed, it will be considered unprocessable and we will send a notice to the filer. This notice may result in the assessment of penalty.

ST-556 Leasing and Trade-ins

How is the value of a qualified trade-in determined?

Illinois dealers may reduce the total price of a motor vehicle sold by means of a "trade-in credit" which reduces the taxable amount. The following information explains the provisions of the trade-in credit.

When can a qualified trade-in credit be given?

The value of a qualified trade-in is the amount of value assigned to the item without regard for any debt currently owed on the item. The value assigned is referred to as the "trade-in credit."

A dealer may give a qualified trade-in credit toward the purchase of another motor vehicle when

- individuals trade in motor vehicles they own;
- leasing companies trade in motor vehicles they own;
- leasing companies trade in motor vehicles owned by prospective lessees; *or*
- third parties trade in motor vehicles they own on behalf of individuals or prospective lessees.

Documentation is required showing the third party has assigned the motor vehicle directly to you and provides you with written authorization for the trade. The documentation must specify the

- motor vehicle traded-in; *and*
- motor vehicle purchased; *and*
- buyer on whose behalf the trade-in is offered.

Are there circumstances when a dealer may not give a qualified trade-in credit?

A dealer may not give a qualified trade-in credit toward the purchase of another motor vehicle when the

- dealer owns the motor vehicle being offered as trade;
- dealer and the leasing company are one and the same entity;
- motor vehicle being offered as trade was previously sold to the dealer and was not documented in writing that it was being offered as trade;
- third party offering the motor vehicle as trade is in the business of selling motor vehicles and is required to collect Illinois Sales and Use Tax; *or*
- dealer is not in the business of selling the type of item being offered as trade.

What other types of trade-in credits are allowed?

■ Advance trade-in credits

An advance trade-in is when a motor vehicle is traded to a dealer (primarily by a leasing company) for a future purchase of a motor vehicle. At the time of the trade, the purchaser must provide the dealer with a written contract of obligation to purchase another motor vehicle within nine months of the trade. An advance trade-in credit is established when a value is assigned to the motor vehicle being traded. This credit expires after nine months if unused.

The documentation required for using advance trade-in credits is a

- written contract indicating the date the trade-in was given, a description of the trade-in, the value assigned to the trade-in, a statement of obligation to purchase another motor vehicle within nine months, and the date of expiration of the advance trade-in credit; *and*
- bill of sale for the trade-in; *and*
- copy of Form ST-556 when the future sale is made and the advance trade-in credit is reported.

ST-556 Leasing and Trade-ins

■ Multiple trade-in credits

A dealer may use the cumulative total of trade-in credits given when more than one motor vehicle is traded in toward the sale of a single motor vehicle as long as the documentation clearly shows that the motor vehicles being traded and the motor vehicle sold were all part of the **same sales transaction**.

■ Split trade-in credits

A dealer may split the trade-in credit given when a single motor vehicle is traded in toward the sale of two or more motor vehicles as long as the documentation clearly shows that the motor vehicle being traded and the motor vehicles sold were all part of the **same sales transaction**. The amount of trade-in credit that is applied to each motor vehicle sold may be determined by the dealer and the purchaser.

■ Combined trade-in credits

A dealer may combine the trade-in credits from advance trades, multiple trades, and split trades as long as the documentation clearly shows that all of the motor vehicles being traded and sold were all part of the **same sales transaction**. If you are using an advance trade-in credit it must meet the advance trade-in credit requirements.

ST-556 Taxable Items

Rebates	Any rebate or incentive for which a dealer will be reimbursed by any source, (e.g., a manufacturer's rebate program), must be included in the total price and is subject to Retailers' Occupation Tax. A discount or incentive offered by the dealer that will not be reimbursed should not be included in the total price and will not be subject to Retailers' Occupation Tax.
Down payment	A down payment must be included in the total price of the item and is subject to tax.
Documentary service fees	Documentary Service Fees charged by a dealer for completing title and registration applications and other paperwork are subject to tax. These collected fees must be included in the total price of the item.
Extended warranty contracts	Receipts from the sale of extended warranty contracts are not subject to tax if separately contracted for from the selling price of the item.
Freight & labor	Generally, freight and labor costs must be included in the total price of the item and are subject to tax. Incoming freight charged to the purchaser is a cost of doing business to the seller and, as such, is subject to tax. Outgoing freight and special service charges to the customer such as rust-proofing are not taxable if they are separately contracted for and, in the case of freight, the costs are actually reflective of the cost of shipping.
Federal Excise Tax	<p>Generally, Federal Excise Tax must be included in the total price and is subject to tax.</p> <p>Note: Federal Excise Tax on trucks with a GVWR of 33,000 lbs. or more, or trailers or semitrailer chassis with a GVWR of 26,000 lbs. or more, should not be included in the total price and are not subject to tax.</p>

ST-556 Common Questions

How does the Department of Revenue determine if Form ST-556 is filed within 20 days of the date of delivery?

The titling agency that originally receives the return will record the date received. The Department of Revenue will compare this received date to the delivery date to determine timely filing. If the due date falls on a weekend or state-recognized holiday, the due date will be the next business day.

What is the tax requirement for items sold in Illinois to out-of-state purchasers?

Cars, trucks, vans, motorcycles, and trailers that are sold in Illinois to out-of-state purchasers may qualify as tax-exempt transactions when the

- seller issues drive-away permits,
- purchaser transfers current out-of-state license plates, *or*
- seller is contractually obligated to deliver the item out-of-state.

Any items, other than those listed above, that are sold and taken possession of in Illinois are taxable sales at retail.

Note: Nonresidents may not be entitled to the “out-of-state buyer” exemption if the motor vehicle or trailer will be titled in a state that does not give Illinois residents an “out-of-state buyer” exemption on their purchases in that state of motor vehicles or trailers that will be titled in Illinois (*i.e.*, there is no reciprocal exemption). Visit our web site at tax.illinois.gov for a complete listing of states and the tax rate or tax amount you are required to collect.

What is the tax requirement for items that are sold in Illinois but will be shipped out of the country?

The sale of an item that will be shipped out of the country may qualify as tax exempt if the

- sale is to a foreign consulate, diplomat, consular officer, or staff member who provides you with an active tax exemption card issued by the U.S. Department of State, or
- dealer delivers or causes to be delivered, the item to a freight forwarder who arranges for the item to be shipped out of the country.

How does a dealer report the sale of an item to a leasing company that will be leased to a government organization?

A dealer must report the transaction on Form ST-556 by

- checking Box C in Section 5, *and*
- writing the government organization’s active Illinois sales tax exemption (E) identification number on the line provided, *and*
- completing Lines 1 and 2 in Section 6.

Can a dealer accept a trade-in from someone other than the purchaser?

Yes. The person (third party) trading in the item must be the owner and actually trade it in for the item being purchased. Reference Page 36.

Are there restrictions on what a dealer can deduct as a trade-in?

Yes. A dealer can only claim a qualified trade-in of an item for which the dealer is in the business of selling. (See Page 7 for a definition of qualified trade-in.)

Is there a limit on the number of items that can be used as trade-ins?

No. There is no limit on the number of items that can be used as trade-ins.

Received Copy Information

The normal process for applying for title and registration in Illinois requires that the applicable form, from one of the four tax forms listed below, is submitted along with the application for title and/or registration to the appropriate titling agency. The specific due date for timely filing of each form follows:

- Form ST-556 is due not later than 20 days after the date of delivery of the item sold;
- Form RUT-25 is due not later than 30 days after the date the item is brought into Illinois;
- Form RUT-50 is due within 30 days of the date the vehicle was purchased or acquired by gift or transfer; and
- Form RUT-75 is due no later than 30 days from the date of acquisition or the date the item is brought into Illinois, whichever is later.

When is a receipted copy of my tax form needed?

For Illinois dealers, there are times when you are unable to provide all of the title documents required by the titling agency to complete the title transaction. However, you are still required to file your tax form on or before the specified due date. You may file your tax form and any tax payment directly to us on or before the due date and request a receipted copy of your tax form.

When you have all of the title documents that you need to apply for title and registration, you may submit the receipted copy in place of the original tax form in order to satisfy the titling agency's requirement to verify that the proper tax form has been filed.

For out-of-state leasing companies or dealers, if you file the proper tax form and any tax payment directly to us on behalf of your customer, your customer cannot obtain title and registration in Illinois without having the original tax form or providing proof that the tax has already been filed and paid.

Your customer will need a receipted copy of that tax form to submit to the titling agency when applying for title and registration.

How do I request a receipted copy of my tax form?

You may only request a receipted copy with an original return.

You may request a receipted copy of your tax form either by mail or by visiting one of the offices specified on Page 42.

To request your receipted copy by mail, you must send directly to us Copy 1 of each original tax return and a separate remittance for each tax amount due, along with the following:

- a photocopy of each tax form you want us to receipt,
- a cover letter requesting us to receipt your photocopy, and
- a postage-paid envelope with the address indicating where you want the receipted copy mailed.

We will receipt the photocopy of your tax form at no charge by attaching an orange-colored label to the upper right-hand corner of your photocopy and returning it to you in the postage-paid envelope that you provided.

Mail your request for a receipted copy, along with your tax form and payment, to

Note: This receipted copy process was established as a special service when circumstances prevent you from following the normal process of submitting your original tax form with the application for title and registration. **Do not request a receipted copy of your tax form as a general practice of filing your tax forms.**

Can I obtain a copy of my return through some other method?

Yes. If you need a copy of your tax form, you must complete and file Form IL-4506, Request for Copy of a Tax Return. We will send you a copy of your tax form. At this time, there is a \$5.00 charge for each copy you request. If you would like a certified copy, there is a \$10.00 charge for each copy.

Note: If you are requesting a copy of your tax form for the purpose of applying for title and registration, a copy alone will not be accepted in the place of an original or receipted copy. You must also provide a copy of the front and back of the canceled check which paid the tax due on the return.
