## **All of the Warranties Described in this Booklet are Subject to the Following Limitations and Disclaimers**

### **Dispute Resolution**

Porsche Cars North America provides an alternate dispute resolution mechanism through the National Center for Dispute Settlement (NCDS). A brief description of the program is on page 6 of this booklet. NCDS may be reached at 1 (866) 767-7244.

### **Warranty Outside the U.S.**

If your car is taken to an authorized Porsche automobile dealer outside the U.S., Porsche Cars N.A.'s warranty will not be applicable and defective parts will be repaired or replaced only within the terms and limitations of the warranty for new Porsche vehicles for your model year in effect in the country where such authorized Porsche automobile dealers are located.

### **Warranty Enforcement Laws (Lemon Laws)**

Laws in many states and federal law permit owners and/or lessees to obtain a replacement vehicle or a refund of the purchase or lease price under certain circumstances. The provisions of these laws vary from state to state and vary from the federal law. To the extent allowed or not prohibited by applicable law, Porsche Cars North America, Inc. requires that you first provide Porsche Cars North America, Inc. itself with direct written notification of any alleged unrepaired defect or malfunction, or

any other dissatisfaction you have experienced with your vehicle so that Porsche Cars North America, Inc. itself has the opportunity to cure the problem or dissatisfaction. Giving Porsche Cars North America itself this direct notice and opportunity to cure enables us to supplement prior efforts by our authorized dealers so any ongoing problem can be resolved or the dissatisfaction addressed by us. In states that have not enacted Lemon Laws, we also require, without constituting any liability beyond the Porsche Cars North America, Inc. new car warranty, that you give Porsche Cars North America, Inc. itself direct written notice of any service difficulty you have experienced. Written notifications, either required under an applicable Lemon Law or other written notifications should be sent to Porsche Cars North America, Inc., not one of our dealers, at:

Porsche Cars North America, Inc.  
Attn: Customer Commitment  
980 Hammond Drive  
Suite 1000  
Atlanta, GA 3328

Dr. Ing. h.c. F. Porsche AG is the owner of numerous trademarks, both registered and unregistered, including without limitation the Porsche Crest®, Porsche®, Boxster®, Carrera®, Cayenne®, Cayman™, Tiptronic®, VarioCam®, PCM®, 911®, 4S®, and the model numbers and distinctive shapes of Porsche's automobiles such as, the federally registered 911 automobile. The third party trademarks contained herein are the properties of their respective owners.

## **Porsche Customer Commitment / Owners Arbitration Information**

To Our Customer:

Porsche Cars N.A. has a commitment to you and your satisfaction. From your first phone call or visit to the dealership, through the purchase and delivery of your new Porsche automobile, to parts & service, your satisfaction is our number one objective.

If you should experience a problem that has not been resolved to your satisfaction through Porsche's franchised dealers or Customer Commitment department, additional assistance may be available through the National Center for Dispute Settlement's (NCDS) arbitration program.

NCDS will resolve your complaint through arbitration – a process by which two or more parties authorize a third party to resolve the dispute. NCDS's decision is binding on Porsche Cars N.A. but not on you. Some states require you to utilize the NCDS process prior to pursuing a Lemon Law action. Please refer to pages 37-39 of this booklet for more information. The consumer must utilize the NCDS arbitration program before seeking remedies under the federal Magnuson Moss Consumer Warranty Act (Title 1 of the ACT). If the consumer chooses to seek redress by pursuing rights and remedies created by the federal Magnuson Moss Consumer Warranty Act, remedy(s) via NCDS would not be required by any provision of federal law.

### **What is the National Center for Dispute Settlement?**

NCDS is nationally staffed with professionals who are experienced in mediation and arbitration. NCDS will investigate your case by reviewing the facts, inspecting the vehicle, and rendering a fair and equitable decision.

### **How much will it cost?**

There is no charge to you for submitting your dispute to NCDS. However, you may be charged a nominal fee for being provided copies of your case.

### **What Type Of Disputes Are Eligible?**

NCDS arbitrates disputes involving Porsche's product reliability or warranty performance concerning your Porsche automobile. However, NCDS will not arbitrate claims for a vehicle involved in an accident, used for commercial purposes unless the "Lemon Law" of your state covers vehicles used for commercial purposes, or claims where an airbag failed to deploy, or deployed when it should not have. The Porsche Program Summary included with the mailing from NCDS will describe the claims that are eligible for arbitration. The Porsche Program Summary describes Porsche's arbitration precommitment. vehicle warranty law, provided the concern or alleged defect was brought to the attention of Porsche Cars N. A. or one of its dealers during the eligibility period.

You must file a request for mediation /arbitration with NCDS within the time period applicable to the warranty coverage as supplied by Porsche Cars N. A., provided the concern or alleged defect was brought to the attention of Porsche Cars N. A. or one of its dealers during the eligibility period.

### **How To Request Arbitration**

You may file a claim at any time by contacting the NCDS at 1 (866) 767-7244. You will need the following information:

- Vehicle year, make, model, vehicle identification number (VIN), mileage, and date of purchase.
- A brief description of your complaint and actions you have taken to resolve it.
- Copies of invoices with your request for arbitration if you are seeking reimbursement for repairs or related incidental expenses.
- A copy of your vehicle registration.
- A brief statement as to what action or remedy would resolve your problem.

### **Send your request to:**

#### **National Center for Dispute Settlement**

P.O. Box 561109  
Dallas, TX 75207  
1 (866) 767-7244

NCDS decisions will not include:

- Attorney Fees
- Punitive Damages
- Multiple Damages
- Consequential Damages other than incidental damages which you may be entitled to under law.

### **What other recourse do I have available?**

If you are dissatisfied with the arbitrator's decision or Porsche's remedy, you may pursue any other legal remedies which you may have available to you, including small claims court. You should be aware that the arbitration findings are admissible as evidence in any subsequent legal proceedings concerning your dispute. This description of NCDS is based upon the program at the time of publication. The program is subject to change without further notice. Contact the Porsche Cars N.A. Customer Commitment department at 1 (800) PORSCHE for the most current information concerning the NCDS Program.

## **New Car Limited Warranty**

This warranty is given to the owner of a Porsche automobile distributed by Porsche Cars N.A. and sold by an authorized Porsche automobile dealer in the United States. \*

\* Authorized Porsche automobile dealers are not owned by Porsche Cars N.A. and are not agents of Porsche Cars N.A.

### **Responsibilities**

**Any implied warranties, including the implied warranties of merchantability and fitness for a particular purpose, are limited to the duration of the written warranty.**

Porsche Cars North America disclaims any responsibility for loss of time or use of your car as well as any other incidental or consequential expenses or damages. Some states do not allow either limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. These specific warranties give you specific legal rights, and you may also have other rights which vary from state to state.

**Note:** Components and/or parts that fail during racing or driving events (including Porsche sponsored events) will not be covered by the new car limited warranty.

### **Time and Mileage Period**

This warranty begins on the date the car is first delivered to the first retail purchaser or the date it is first used as a demonstrator, lease, or

company car, whichever comes first. The car is covered for 4 years or 50,000 miles, whichever comes first.

### **Warranty Coverage**

Porsche Cars N.A. will repair or replace with a new or remanufactured part distributed by Porsche Cars N.A., at its sole option, any factory-installed part that is defective in material or workmanship under normal use. (Normal vehicle use is described in this Booklet.)

Warranty repairs will be made free of charge for parts and labor at an authorized Porsche dealership. Tires are not warranted by Porsche Cars North America but are warranted by the tire manufacturer. Contact your local Porsche dealer for assistance.

From time to time, your Porsche dealer may install a component that is an updated version of original factory equipment. These updates of original factory equipment are due to changes in technology only and are not done to correct or remedy normal vehicle operating characteristics (as determined by Porsche) or conditions resulting from individual driving habits.

### **To Get Warranty Service Under the New Car Limited Warranty**

You must take your car, along with proof of purchase date, to an authorized Porsche automobile dealer during normal service hours. If the car is not driveable because of a defect covered by this warranty, call Porsche 24-Hour Roadside Assistance and your Porsche automobile will be transported to the nearest authorized Porsche dealership, or contact the nearest authorized Porsche automobile dealer for further assistance. You are responsible for presenting your Porsche automobile to a

Porsche dealer as soon as a problem exists. Failure to do so could result in consequential damage that may not be covered by your new car limited warranty.

If you cannot obtain warranty service, or you are dissatisfied with the service or with a warranty decision, refer to the Consumer Information section in this Booklet.

### **Emergency Repairs**

Should the car become completely disabled, requiring repair in order to be driven, and there is no authorized Porsche automobile dealer in the vicinity, have the repair performed sufficient to drive the car and return the replaced parts and paid repair order to your authorized Porsche dealer for reimbursement consideration.

### **This Warranty Does Not Cover:**

- Emission Control Systems and Corrosion. (Refer to the Emission Control and Corrosion Limited Warranties in this Booklet.)
- Batteries damaged from storage, lack of normal vehicle use, or non-Porsche approved electrical or accessory installation.
- Tires damaged by road hazard. (If you need further assistance, contact your authorized Porsche automobile dealer.)
- Tires damaged by premature wear.

**Note:** Porsche's race-bred heritage demands that tires are an integral part of the vehicle suspension, braking, and active safety systems. As a result, all Porsche automobiles are equipped with tires designed for higher performance than those found on other passenger vehicles. While tire wear varies with vehicle operation, high performance tires like these are designed to assist the vehicle's suspension in delivering

increased cornering forces and better handling. Thus, they may exhibit increased wear characteristics when compared to tires on other passenger vehicles. Consult your Owner's Manual for information concerning the proper care and selection of your tires. (Refer to the Porsche Tire Information Guide for additional information.)

- Parts that fail due to lack of required maintenance or use of non-Porsche Cars N.A. distributed parts.
- Normal wear or deterioration of any part.
- Cleaning and polishing.
- Contamination of fuels, lubricants, or other fluids.
- Lubricants, unless part of a warranty repair.
- Air conditioner refrigerant charge after the first three months of service unless part of a warranty repair.
- Glass breakage, chips and/or scratches that are not due to a defect in material or workmanship.
- Appearance items that are not due to a defect in material or workmanship.
- Any car registered or normally driven outside of the United States and Canada.
- The replacement of expendable maintenance items (such as spark plugs, filters, worn wiper blades, worn brakes, worn clutches, worn tires) when the replacement is not due to a defect in material or workmanship.
- The adding of any fluids unless they are needed as part of a warranty repair.
- Any car with an odometer that has been altered so that the actual mileage cannot be determined.
- Dealer-installed accessories. (Refer to the Replacement Parts and Ac-

cessories Limited Warranty in this Booklet.)

- Wheel balancing and wheel alignment beyond the first three months of service unless part of a warranty repair.
- Unauthorized modifications or vehicles with total loss or salvage titles.
- Modifications not authorized by Porsche Cars N.A. or its authorized dealers.
- Service adjustments (such as idle speed, air/fuel mixture, brake, clutch, headlight, and drive belts) beyond the first three months of service unless part of a warranty repair.
- Improper repairs by someone other than Porsche Cars N.A. or its authorized dealers.
- Abuse, accident, acts of God, competition, racing or track use or other events.

**Note:** Components and/or parts that fail during racing or driving events (including Porsche sponsored events) will not be covered by the new car limited warranty.

- **Minor wind noise and insignificant seepage at the joints between the top and the body, or door windows in Cabriolet, hardtop or Targa models cannot be completely avoided under all circumstances. Your Cabriolet should not be washed in a car wash and may experience damage to the top or rear window due to the scratching by the brushes or may experience leaks due to the high pressure water streams directed in areas which would not experience water in normal driving conditions. It is extremely important to have the cabriolet and soft top drains (including the body cowl drains) cleaned as part of yearly maintenance. Failure to do so may result in subsequent damage. Please see your authorized Porsche dealership for details concerning required maintenance.**
- The outside of the underbody (floor pan) or any other part of the car

except body panels.

- Paint damage caused by abuse or lack of proper maintenance.
- Environmental damage (such as that caused by acid rain or other industrial pollution, insect or bird droppings, tree sap, stones or other flying missiles, highway maintenance chemicals, flood, storm, and other forms of disaster.)
- Paint color matching. (Porsche Cars N.A. reserves the right to decide whether painting the repaired or replaced panel to match the original finish is practicable. Porsche Cars N.A. will not, under any circumstances, pay for painting the entire car solely for paint color matching.)
- Paint damage caused by the application of unauthorized paint sealants or polymers. See your authorized Porsche automobile dealer for details.

**Note: Your vehicle is a mechanical device. All mechanical devices make some sort of noise and/or vibration. These noises and vibrations can differ from vehicle to vehicle. Porsche Cars N.A. recognizes those noises as normal and characteristic of the product. Normal noises or vibrations as determined by Porsche Cars N.A. can be anything from brake squeal to road vibration. Therefore, normal noise and/or vibration and/or deterioration as determined by Porsche Cars N.A. or its representative, is not covered by our new car limited warranty.**

### Your Responsibility for Maintenance

You must maintain your Porsche automobile according to the Maintenance Schedule in the Maintenance Booklet and the Car Care Instructions in

the Owner's Manual and keep the receipts as proof of maintenance.

### **Your Responsibility for Normal Vehicle Use**

Your Owner's Manual (which includes specific recommendations against using your car in certain ways) was written with the assumption that you will use your car only in ways for which it was designed:

- To carry passengers and cargo within specified load limits. (The load limits are specified on labels located in different places depending on your model Porsche. Your Owner's Manual gives the locations.)
- To be driven on reasonable road surfaces within legal speed limits. Porsche Guidelines specify reasonable mileage to be at least 15 miles / 24 kilometers per day or 6000 miles / 9600 kilometers per rolling 12 months.
- If you drive less than the above-mentioned limits, or in the event of prolonged storage, contact your local authorized Porsche dealer for instructions.

(Note: A battery maintainer is available at your local authorized Porsche dealer. It must be used to maintain your vehicle's battery state of charge if your vehicle will not be used for several days.)

- To be run on unleaded gasoline with the recommended octane rating as specified in the Owner's Manual.
- To be properly maintained according to the Maintenance Schedule in the Maintenance Booklet and Car Care Instructions in your Owner's Manual. You must keep the receipts as proof of maintenance.

You are responsible for presenting your Porsche automobile to a Porsche dealer as soon as a problem exists. Failure to do so could re-

sult in consequential damage that may not be covered by your limited factory warranty.

### **Pre-Delivery Inspection**

Porsche seeks to provide the highest degree of customer satisfaction possible. Accordingly, repairs and replacements are made at different stages of the delivery process in order to assure high standards of quality for your new car.

Every effort is made to detect and remedy even the slightest flaws, or damage, at inspection sites at the factory, after transportation from the factory, and at the dealer location. Damage to, or flaws in the mechanical systems, body, electrical system, frame, paint, trim, interior, and other components of your car, whether occurring at the factory or during transportation may have been repaired or replaced.

### **Porsche 24-hour Roadside Assistance Program**

Porsche Cars North America, Inc. is committed to the premise that owning a Porsche will be as satisfying as driving a Porsche. To enhance your ownership experience, Porsche Cars North America provides complimentary coverage in the Porsche Roadside Assistance program for the duration of your New Car limited warranty or Porsche Approved Certified Pre-Owned limited warranty period. Our team of trained and qualified Roadside Assistance professionals are available 365 days a year to assist in determining the best service option for your situation. Roadside Assistance, teamed with its comprehensive nationwide towing network, brings you world-class assistance, anywhere in the United States

or Canada. We know that you take pride in your Porsche, and the authorized Porsche dealers are committed to the care of your exceptional vehicle. In many situations preventive care could be the key to avoiding a need for emergency assistance. Adhering to your vehicle's regular maintenance schedule, keeping the battery charged when your vehicle is not driven on a regular basis, and checking tire pressure frequently, will help you avoid those times when it may be necessary to call Porsche Roadside Assistance. (Services provided by GE Motor Club.)

### **Porsche Roadside Response**

In certain metropolitan markets, Roadside Assistance includes mobile dealer Roadside Response teams that can be quickly dispatched and are equipped to assist with certain services. Porsche Roadside Assistance will screen each service request to determine whether the circumstances can be handled by a dealer Roadside Response team or if the vehicle will need to be transported to the nearest dealer.<sup>1</sup>

The Porsche Roadside Assistance program offers the following services:

- **Emergency towing**
- **Battery jump start**
- **Flat tire assistance**
- **Lock-out assistance**
- **Emergency fuel delivery**
- **Extrication/winch service**
- **Trip interruption reimbursement**

Roadside Response teams are equipped to assist with:

- **Battery jump start and/or on-site battery replacement<sup>1</sup>**
- **Flat Tire assistance – install puncture repair system, operator's spare tire or dealer's loaner spare tire**
- **Lock-out assistance**
- **Emergency fuel delivery**

### **Emergency Towing**

If your Porsche becomes disabled due to a warrantable mechanical breakdown, your vehicle will be transported to the nearest Porsche dealership. However, you may request that your Porsche be taken to a different Porsche dealership, as long as that dealership is within a 50 mile/80 kilometer radius of your breakdown location.<sup>2</sup>

For security reasons, towing services cannot be provided to an unattended vehicle. Therefore, a licensed driver must be on the scene to meet the service provider.

If a breakdown occurs after normal business hours, and the servicing Porsche dealership does not have a secure storage lot, your Porsche will be stored in a secure location and transported to the dealership the next business day. Your vehicle must be located on or in an area immediately adjacent to a regularly traveled road that can be accessed with standard servicing equipment.

### **Battery Jump Start**

If your Porsche won't start due to a weak battery, Roadside Assistance will send an authorized service provider to "jump start" your vehicle. If your vehicle is not driven on a daily basis or has not been started for more than 6 weeks, the battery may need to be replaced. This may not

<sup>1</sup> Roadside Response repairs may involve charges for parts and/or labor.

<sup>2</sup> Your vehicle must be located on or in an area immediately adjacent to a regularly traveled road that can be accessed with standard servicing equipment.

be covered by Porsche's limited warranty. Porsche Roadside Assistance can arrange transportation to the dealer for battery service, at your expense. If the dealer determines that the battery failed due to a warrantable issue, your tow expenses will be reimbursed by the Porsche dealer.

Please remember that proper maintenance of the battery includes operating the vehicle on a regular basis to keep the battery charged and/or utilizing a Porsche Battery Charger/Maintainer.

### **Flat Tire Assistance**

Your Porsche tires have been designed specifically for your vehicle. They are identified by an N-specification (N-0, N-1, etc.) on the sidewall indicating that the tires have been tested and approved for release by Porsche's engineering department. When an N-spec tire becomes damaged it must be replaced and the tread depth of the undamaged tires should be examined.

Should a tire lose air, rendering your Porsche inoperable, there are several options to get you on your way. The Porsche Roadside Assistance professionals will help you determine the best servicing choice for your needs.

Only in situations where the damage to the tire is beyond temporary repair will it be necessary to transport the vehicle to the nearest Porsche dealership for tire replacement.<sup>3</sup>

Should the tire event occur in excess of 100 miles/160 kilometers from the nearest Porsche dealership, the Porsche Roadside Assistance professionals are equipped to assist you in purchasing the correct replace-

ment tire so that your vehicle could be transported to a Preferred Tire Installer in your area. Costs associated with the tire will be your responsibility, however, Porsche Roadside Assistance will cover expenses related to the tow.

In all situations N-spec tires are not repairable nor are they covered under the New Car limited warranty or Porsche Approved Certified Pre-Owned limited warranty.

### **Lock-out Service**

Should the key to your vehicle become locked inside, a qualified service provider will be dispatched to gain access to your vehicle.

### **Lost or Stolen Key**

Should your key become lost or stolen, lock-out service can still be provided but every attempt should be made to obtain your spare key to avoid repair costs that are not covered by the Porsche Roadside Assistance. Consult your authorized Porsche dealer for more information.

### **Emergency Fuel Delivery**

If you happen to run out of fuel, Porsche Roadside Assistance will provide enough fuel to get you to the nearest gas station.

### **Extrication/Winch Service**

Service will be provided to extract your Porsche from mud, sand, snow or a ditch.<sup>3</sup>

<sup>3</sup> Your vehicle must be located on or in an area immediately adjacent to a regularly traveled road that can be accessed with standard servicing equipment.

## **Trip Interruption**

If your Porsche becomes disabled more than 100 miles/160 kilometers from your residence and causes an unexpected stay overnight, you may be eligible for reimbursement of your expenses of up to \$250 USD / \$325 CAD per day for up to three days. This includes situations where the vehicle cannot be started or driven without causing damage and the local Porsche dealership is not able to repair the problem the same day. Trip Interruption coverage includes reimbursement for:

- Meals
- Lodging
- Alternate transportation
- Car rental (in cities not serviced by a Porsche dealer within 50 miles)

In certain situations, Trip Interruption reimbursement can be applied towards a vehicle reunite (returning your Porsche to your work or residence). Please contact 1-800-PORSCHE for prior authorization.

Please note that Trip Interruption reimbursement covers reasonable expenses incurred due to a warrantable mechanical failure only. Expenses related to tire and battery issues are not eligible for reimbursement.

Trip Interruption coverage is limited to reasonable expenses up to a maximum of \$750.00 USD/\$975.00 CAD, per event, including all taxes and surcharges.

## **To Make a Claim for Trip Interruption**

You must contact Porsche Roadside Assistance for a reference number

and instructions for reimbursement consideration within 24 hours of disablement. All claims must be submitted within thirty (30) days of the event, and must be accompanied by a brief summary of the incident, and original itemized receipts indicating amount paid, date and name of service provider(s) to:

## **Porsche Roadside Assistance – Trip Interruption**

980 Hammond Drive, Suite 1000  
Atlanta, Georgia 30328

Please allow 3-4 weeks for processing of your reimbursement.

## **Limitations**

Every effort will be made to ensure the services you receive under the Porsche Roadside Assistance program are of the highest quality. All roadside services will be delivered to you through a comprehensive network of independent service operators.<sup>4</sup> However, since these operators are independent business people, Porsche Roadside Assistance cannot assume any liability for any loss, damage or consequences resulting from the rendering of such service. Should your vehicle become disabled on a restricted highway, Porsche Roadside is limited on its ability to transport your vehicle. Once the vehicle has been moved to a non-restricted road, Porsche Roadside is able to complete the vehicle transport to an authorized Porsche dealer.

## **Program Exclusions**

Specifically excluded from this coverage are:

- Vehicle abuse, vandalism, accidents, acts of God, competition racing or

<sup>4</sup> Services provided by GE Motor Club.

track use, or other events beyond the control of Porsche Cars North America, Inc.

- Fines, taxes or impound fees caused by a violation of local or state law.
- Expenses related to hazardous weather conditions (removal from snow, ice, etc.)
- Expenses for the removal of snow tires, and mounting or removal of snow chains.
- If your Porsche has aftermarket tires and/or wheels installed or has had the suspension modified, Porsche Roadside Assistance will assist in setting up transport of your vehicle, but this expense will not be covered under the Porsche Roadside Assistance program.

## **Helpful Tips**

### **Maintaining The Life Of Your Battery**

- Start and drive your Porsche on a regular basis.
- After parking your Porsche, always remove the key from the ignition and lock the vehicle.

### **Tires**

- Regularly check tires for accurate pressure and tread wear. If tire pressure is low, add air to the correct PSI or contact Porsche Roadside Assistance for direction.
- Each Porsche model is not equipped the same tire components. It is important for you to know if your vehicle is equipped with a spare tire.
- Have tires checked by your Porsche dealer before embarking on a long trip.

- If possible, plan ahead for new tires. Tire sizes vary and your Porsche dealer-ship may not have your size in stock. Your Porsche dealer should be able to obtain a tire within 2 business days of your order placement.

### **Tools**

A tool kit containing the vehicle's tow eye and tire sealant, if equipped, can be found in the tool storage area in either the front luggage compartment (sports cars) or rear storage area (Cayenne).

### **Emergency Operation**

The doors, luggage compartment lid, fuel filler flap, and sliding roof can be operated manually in the event of technical fault. Please consult your Owner's Manual or call Porsche Roadside Assistance for directions.

### **Remote Control Standby/Sleep Mode**

In order to extend the life of the battery, your Porsche will automatically go into a remote control standby/sleep function if it is not unlocked or started within 5-7 days. To wake up/reactivate your remote:

- Unlock the driver's door at the lock using your vehicle's key.
- Leave the door closed to prevent triggering the alarm system.
- Press the lock/unlock button on the remote control. The remote control is now reactivated.

### **Vehicle Storage Procedures**

- Fill up the fuel tank.
- Increase the tire pressure to 58 psi.

- The vehicle should be moved slightly, approximately every four weeks, to prevent flat spotting of tires.
- Windows, doors, lids and top must be closed. The air vents should be opened.
- Change the oil and oil filter, and run the engine for several minutes.
- Check and correct coolant/cleaning solution level as necessary.
- The air conditioning system should be in good working condition and fully charged.
- Lock the vehicle.
- Note: It is not recommended to lift the vehicle, due to the possibility of corrosion on shock absorber piston shafts. The staff at your authorized Porsche dealer will be glad to advise you on the most suitable and necessary storage methods.

### **Federal Emission Design and Defects Warranty**

This warranty is in addition to the Porsche New Car Limited Warranty.

#### **Time and Mileage Period**

This warranty begins on the date the car is delivered to the first retail purchaser, or the date it is first used as a demonstrator, lease or company car, whichever comes first. It continues for 2 years or 24,000

miles, whichever comes first, for all parts shown in the 2/24 Federal Emissions Parts List, and for 8 years or 80,000 miles for the catalytic converter, the Emission Control Unit, and the On-Board Diagnostic System.

#### **Warranty Coverage**

Porsche Cars N.A. warrants to the owner of this car that the automobile was designed, built and equipped to conform at the time of sale with all U.S. emission standards applicable at the time of manufacture, and that it is free from defects in material and workmanship which would cause it not to meet those standards.

**“The warranties required by the State of California law apply to all new Porsche vehicles imported and distributed by Porsche for sale and registration in the State of California, Connecticut, Maine, Rhode Island, Vermont and the Commonwealth of Massachusetts. Therefore, the owner of an above mentioned vehicle may have warranty rights under both Federal and State mandated emissions warranties.”**

#### **This Warranty Does Not Cover:**

- Failures or malfunctions resulting from abuse, improper repairs, misuse, alteration, accident, acts of God or other events beyond the control of Porsche Cars N.A., use of leaded gasoline or lack of proper maintenance as specified in the Maintenance Schedule located in the Maintenance Booklet. (As proof of proper maintenance, you must have receipts showing that all scheduled maintenance has been done. These receipts should remain with the car if it is sold. Claims for re-

pair or adjustment necessary solely because of defects in material or workmanship will not be denied because the car or engine was not properly maintained or used.)

- Replacement of expendable maintenance items (such as spark plugs, filters, hoses, belts, coolant or lubricants) beyond their first scheduled maintenance.
- Loss of time or use of the car, or to the extent permitted by law or regulation, any other consequential damages.
- Any car with an odometer that has been altered so that the actual mileage cannot be determined.
- Any car registered or normally driven outside of the U.S., District of Columbia, Puerto Rico, Guam, American Samoa, the Northern Mariana Islands, or the U.S. Virgin Islands.

### **Your Responsibility for Normal Vehicle Use**

Your Owner's Manual (which includes specific recommendations against using your car in certain ways) was written with the assumption that you will use your car only in ways for which it was designed:

- To carry passengers and cargo within specified load limits. (The load limits are specified on labels located in different places depending on the model of your Porsche automobile.) See your Owner's Manual for their locations.
- To be driven on reasonable road surfaces within legal speed limits.
- To generally be driven daily over a distance of several miles. In the event of prolonged storage, contact your local authorized Porsche automobile dealer for instructions.
- A battery maintainer is available at your local authorized Porsche dealer. It must be used to maintain your vehicle's battery state of

charge if your vehicle will not be used for several days.

- To be run on unleaded gasoline with the recommended octane rating as specified in the Owner's Manual
- To be properly maintained according to the Maintenance Schedule in the Maintenance Booklet and Car Care Instructions in the Owner's Manual.

## **Federal Emission Performance Warranty**

### **Time and Mileage Period**

This warranty begins on the date the car is delivered to the first retail purchaser, or the date it is first used as a demonstrator, lease or company car, whichever comes first. It continues for 8 years or 80,000 miles, whichever comes first.

### **Warranty Coverage**

Porsche Cars N.A. warrants to the owner of any Porsche automobile that:

- if your car is maintained and used according to the instructions for its care and use in the Owner's Manual;
- it fails an EPA-approved Emission Short Test at any time during 8 years or 80,000 miles, whichever comes first; and
- such a failure could result in your being penalized or sanctioned (including denial of the right to use your car under local, state or federal law);

*then Porsche Cars N.A. will, at no cost to you:*

- during the first 2 years or 24,000 miles, whichever comes first, make all adjustments, repairs and replacements necessary to ensure your car's compliance with Environmental Protection Agency emission stan-

dards, and its continued compliance for the remainder of the warranty period (if properly maintained and used);

and

- during the remainder of the warranty period, adjust, repair or replace the catalytic converter, Emission Control Unit, or On-Board Diagnostic System.

### **To Get Warranty Service**

An EPA-approved Emission Short Test may be made on your car as part of a state inspection and maintenance program. If your car fails the test, and you are faced with a possible penalty or sanction, take your car to your authorized Porsche automobile dealer. Take along a copy of the Short Test report, as evidence of the failure, and your maintenance records.

Your authorized Porsche automobile dealer is required to either validate or deny your claim for adjustment, repair or replacement of any parts listed in this Booklet (1) within 30 days from the time you bring your car to the dealer or (2) within the time required by local, state or federal law for the car to be repaired without incurring further penalty, whichever is shorter. Exceptions are when you, the owner, request a delay, or a delay is caused by circumstances beyond the control of Porsche Cars N.A. or the authorized dealer. If an authorized Porsche automobile dealer cannot repair your car or process your claim within a reasonable period of time, contact Porsche Cars N.A. Customer Commitment Department for assistance at 1 (800) PORSCHE or at the address shown on the inside front cover of this booklet.

If your claim is denied, Porsche Cars N.A. will explain to you why, in writing. Failure to do so within the required time limit makes Porsche Cars N.A. liable for correcting, without charge to you, whatever caused the EPA-approved emission test failure.

If, after your claim has been correctly processed by an authorized Porsche automobile dealer, you believe you did not receive the warranty coverage described in this warranty, you may write directly to:

### **Your Responsibility for Maintenance**

This warranty assumes you will maintain your Porsche automobile according to the Maintenance Schedule in the Maintenance Booklet and Car Care Instructions in the Owner's Manual. This schedule is designed to keep your emission control systems functioning properly by maintaining your car's total operating performance. Any lack in total operating performance may affect your engine's emissions.

Maintenance, replacement or repair of emission control devices and systems may be done by any automotive repair establishment or individual using parts that are certified to EPA standards. This includes temporary emergency repairs to correct a problem that could be a safety hazard. However, repairs covered by this warranty (except for those temporary emergency repairs) must be made at an authorized Porsche automobile dealer, except as provided otherwise by state or local law.

If your car fails the Emission Short Test, and you make a claim to have it brought into compliance with EPA standards, your authorized Porsche automobile dealer may ask you for evidence that you have properly maintained and used the car if they have reason to believe that the maintenance was not performed and could be the cause of Test failure.

Such evidence may consist of:

- A maintenance log book, dated and signed by a person who regularly services automobiles, that includes the odometer mileage when the car was serviced.
- Receipts for required maintenance, including the odometer mileage when the car was serviced, dated and signed by a person who regularly services automobiles.
- A statement that you, the owner, performed the required work properly. The statement must be accompanied by receipts for certified replacement parts and include the odometer mileage when the car was serviced. (You may be asked to demonstrate that you are able to do the work properly.)

An authorized Porsche automobile dealer's decision that the use of the car has been other than normal is reason for denial of your claim under this warranty. (For a description of normal vehicle use, refer to the Maintenance Schedule in the Maintenance Booklet and Car Care Instructions in the Owner's Manual.)

Any claim you make for adjustment, repair or replacement necessary to bring your car into compliance with EPA emission standards may be denied if:

- You have not maintained your car according to the Maintenance

Schedule in the Maintenance Booklet and Car Care Instructions in the Owner's Manual.

- The maintenance has been done incorrectly.
- A part that the Maintenance Schedule requires to be checked at stated intervals is not checked, and not checking it causes the failure of an emission controls part.

However, claims for repair or adjustment necessary solely because of defects in material or workmanship will not be denied because the car or engine was not properly maintained or used.

Note: Receipts for maintenance should remain with the car if it is sold.

### **Your Responsibility for Normal Vehicle Use**

Your Owner's Manual (which includes specific recommendations against using your car in certain ways) was written with the assumption that you will use your car only in ways for which it was designed:

- To carry passengers and cargo within specified load limits. (The load limits are specified on labels located in different places depending on the model of your Porsche automobile.) See your Owner's Manual for their locations.
- To be driven on reasonable road surfaces within legal speed limits.
- To generally be driven daily over a distance of several miles. In the event of prolonged storage, contact your local authorized Porsche automobile dealer for instructions.
- A battery maintainer is available at your local authorized Porsche dealer. It must be used to maintain your vehicle's battery state of charge if your vehicle will not be used for several days.
- To be run on unleaded gasoline with the recommended octane rating

as specified in the Owner's Manual.

- To be properly maintained according to the Maintenance Schedule in the Maintenance Booklet and Car Care Instructions in the Owner's Manual.

### **Your Responsibility for Using Appropriate Replacement Parts**

Porsche Cars N.A. recommends only the use of parts supplied by Porsche Cars N.A. or equivalent parts which are certified by their manufacturer to meet EPA standards. The use of uncertified replacement parts not equivalent in quality or design to parts supplied by Porsche Cars N.A. may impair the effectiveness of your car's emission control systems. If an uncertified replacement part is used in the maintenance or repair of your car, and an authorized Porsche automobile dealer determines it is defective or not equivalent to the original part from an emissions standpoint, your claim for repair to bring your car into compliance with EPA standards may be denied. If the uncertified part is not related to the reason your car fails to meet the standards, your claim will not be denied.

## California Air Resources Board's California Emission Control Warranty Statement

### Your Warranty Rights and Obligations

The California Air Resources Board is pleased to explain the Emission Control System Warranty on your vehicle. In California, new motor vehicles must be designed, built and equipped to meet the State's stringent anti-smog standards. Porsche Cars N.A. must warrant the emission control system on your vehicle for the periods of time listed below provided there has been no abuse, neglect or improper maintenance of your vehicle.

Your emission control system may include parts such as the fuel-injection system, the ignition system, catalytic converter, and engine computer. Also included may be hoses, belts, connectors and other emission-related assemblies.

Where a warrantable condition exists, Porsche Cars N.A. will repair your vehicle at no cost to you including diagnosis, parts and labor.

### Manufacturer's Warranty Coverage:

#### For 3 years or 50,000 miles whichever occurs first:

1. If your vehicle fails a Smog Check inspection, all necessary repairs and adjustments will be made by Porsche Cars N.A. to ensure that your vehicle passes the inspection. This is your emission control system Performance Warranty.
2. If any emission-related part of your vehicle is defective, the part will be repaired or replaced by Porsche Cars N.A. This is your short-term emission control system Defects Warranty.

#### For 7 years or 70,000 miles whichever occurs first:

1. If an emission-related part listed in this warranty booklet specially noted with coverage for 7 years or 70,000 miles is defective, the part will be repaired or replaced by Porsche Cars N.A. This is your long-term emission control system Defects Warranty.

### Owner's Warranty Responsibilities

As the vehicle owner, you are responsible for the performance of the required maintenance listed in your Maintenance Booklet. Porsche Cars N.A. recommends that you retain all receipts covering maintenance on your car, but Porsche Cars N.A. cannot deny warranty solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.

You are responsible for presenting your vehicle to a Porsche automobile dealer as soon as a problem exists. The warranty repairs should be completed in a reasonable amount of time, not to exceed 30 days.

As the vehicle owner, you should also be aware that Porsche Cars N.A. may deny you warranty coverage if your vehicle or a part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

If you have any questions regarding your warranty rights and responsibilities, you should contact the Porsche Cars N.A. Customer Commitment Department at 1 (800) PORSCHE or the :

For further details of this coverage, please see the following pages.

## **California Emission Performance and Defects Warranty**

### **Time and Mileage Period**

This warranty begins on the date the car is delivered to the first retail purchaser, or the date it is first used as a demonstrator, lease or company car, whichever comes first, and continues for 3 years or 50,000 miles, whichever comes first. This warranty applies to a Porsche automobile certified to California requirements and registered in California. Please note that some parts of your car are warranted for 7 years or 70,000 miles, whichever comes first.

If your vehicle is between 3 and 5 years old and has been driven less than 50,000 miles, then your vehicle is eligible for additional warranty

coverage under the Federal Emissions warranty.

### **Warranty Coverage**

Porsche Cars N.A. warrants to the owner of a Porsche automobile that if:

- your car is maintained and used according to the Maintenance Schedule in the Maintenance Booklet and Car Care Instructions in the Owner's Manual; and
- it fails an authorized California Inspection and Maintenance (Smog Check) test at any time during 3 years or 50,000 miles, whichever comes first,
- or a part that effects emissions on the vehicle fails due to defects in material and/or workmanship and, therefore, causes the vehicle to fail to conform to the applicable California requirements at any time during 3 years or 50,000 miles, whichever comes first,

*then Porsche Cars N.A. will, at no cost to you:*

- during the first 3 years or 50,000 miles, whichever comes first, make all diagnosis, adjustments, repairs and replacements necessary to correct the defect or to ensure your car passes the Smog Check test.

### **This Warranty Does Not Cover:**

- Malfunctions in any part or system caused by misuse, modification, alteration, tampering, disconnection, improper or inadequate maintenance, or use of leaded gasoline or gasoline not of the recommended octane rating.

- Damage resulting from accident, road hazards (on or off the road), track use or competitive events, acts of God or other events beyond the control of Porsche Cars N.A.
- Warranted parts beyond their first scheduled replacement interval. (The replacement parts may be covered by the Replacement Parts Limited Warranty outlined in this booklet.)
- Loss of time, inconvenience, loss of use of the car, or commercial loss.
- Any car with an odometer that has been altered so that the actual mileage cannot be determined.

### **To Get Warranty Service**

Take your car to an authorized Porsche automobile dealer along with a copy of the Smog Check test printout, or other evidence of the failure or defective part, and your maintenance records.

In an emergency, where an authorized Porsche automobile dealer is not available, repairs may be made at any available service facility or by yourself using any equivalent replacement part. A part not being available from Porsche Cars N.A. or a repair not being complete within 30 days constitutes an emergency. Porsche Cars N.A. will reimburse you for repairs covered by this warranty as follows: parts at Porsche Cars N.A. suggested retail price, and labor charges based on the manufacturer's recommended time allowance for the warranty repair and the geographically appropriate hourly labor rate. For reimbursement, present the replaced parts and a copy of the paid receipt to an authorized Porsche automobile dealer. Porsche Cars N.A. wants to make sure the Emission Performance and Defect Warranty is properly administered. If you cannot get warranty service, or you are dissatisfied with the service

or with a warranty decision, refer to the Consumer Information section of this Booklet.

An authorized Porsche automobile dealer is required to either repair your car so that it will pass the Smog Check test, or replace a part which is defective within 30 days from the time you bring your car to the dealer. If an authorized Porsche automobile dealer cannot repair your car or process your claim within this period of time, you may contact Porsche Cars N.A. Customer Commitment for assistance, or have the car repaired under the emergency repair guidelines.

If your claim is denied, Porsche Cars N.A. will explain to you why. If you believe you have not received the warranty coverage described in this warranty, you may write directly to:

### **Your Responsibility for Maintenance**

This warranty assumes you will have the required maintenance performed on your Porsche automobile according to the Maintenance Schedule in the Maintenance Booklet supplied with your vehicle. This schedule is designed to keep your emission control systems functioning properly by maintaining your car's total operating performance. Any lack in total performance may affect your engine's emissions.

Maintenance, replacement or repair of emission control devices and

systems may be done by the owner, at a service establishment of the owner's choosing or by a person or persons of the owner's choosing using any replacement part. However, only repairs made at an authorized Porsche automobile dealer will be covered by this warranty (except for emergency repairs). Porsche Cars N.A. assumes no liability for the workmanship at any service facility other than an authorized Porsche automobile dealer.

If you make a claim under this warranty for a Smog Check failure, an authorized Porsche automobile dealer may ask you for evidence that you have properly followed the instructions for required maintenance and use of the car as supplied in this Booklet, the Owner's Manual and the Maintenance Booklet, if they have reason to believe that the maintenance was not performed and could be the cause of the Smog Check failure.

Such evidence may consist of:

- A maintenance log book that includes the odometer mileage and date when the car was serviced, and the name of the service provider.
- Receipts or repair orders for required maintenance, including the odometer mileage and date when the car was serviced and the name of the service provider.
- A statement that you, the owner, performed the required maintenance using proper replacement parts and include the odometer mileage and the date when the car received service.  
Porsche Cars N.A. recommends that you retain all receipts for appropriate replacement parts or maintenance records.
- Records of and receipts for maintenance should remain with the car if it is sold.

Any claim you make under this warranty may be denied if:

- It is demonstrated that the vehicle has been abused, neglected or improperly maintained, and that such abuse, neglect or improper maintenance was the direct cause of the need for the repair or replacement of the part.
- A part that the Maintenance Schedule requires to be checked at stated intervals is not checked, and not checking it causes the failure of a warranted part.

However, claims for repair or adjustments necessary solely because of defects in material or workmanship will not be denied because the car or engine was not properly maintained or used.

### **Your Responsibility for Using Equivalent Replacement Parts**

Porsche Cars N.A. recommends only the use of parts distributed by Porsche Cars N.A. or parts which are guaranteed by their manufacturer to be equivalent in design and quality to Porsche Cars N.A. supplied parts. The use of replacement parts not equivalent in quality or design to parts supplied by Porsche Cars N.A. may impair the effectiveness of your car's emission control systems. If a replacement part is defective or not equivalent to the original part, your claim for repair under this warranty may be denied. If, however, the part is not related to the reason for the failure, your claim will not be denied.

## **California Emission Extended Defects Warranty**

### **Time and Mileage Period**

This warranty begins on the date the car is delivered to the first retail purchaser or the date it is first used as a demonstrator, lease or com-

pany car, whichever comes first, and continues for 7 years or 70,000 miles, whichever comes first. This warranty applies to a Porsche automobile certified to California requirements and registered in California.

### **Warranty Coverage**

Porsche Cars N.A. warrants to the owner of a Porsche automobile that if:

- your car is maintained and used according to the Maintenance Schedule in the Maintenance Booklet and Car Care Instructions in the Owner's Manual; and
- an emission related part listed as covered in this Booklet is found to be defective (including a Smog Check test failure due to a defect in a covered part) at any time during 7 years or 70,000 miles, whichever comes first; then Porsche Cars N.A. will, at no cost to you (including parts, labor and diagnosis):
- repair or replace with a new or remanufactured part distributed by Porsche Cars N.A., at its sole option, the defective part during the first 7 years or 70,000 miles, whichever comes first.

### **This Warranty Does Not Cover:**

- Malfunctions in any part or system caused by misuse, modification, alteration, tampering, disconnection, improper or inadequate maintenance, or use of leaded gasoline or gasoline not of the recommended octane rating.
- Damage resulting from accident, road hazards (on or off the road), track use or competitive events, acts of God or other events beyond the control of Porsche Cars N.A..
- Warranted parts beyond their first required replacement interval. (The

replacement parts may be covered by the Replacement Parts Limited Warranty outlined in this Booklet.)

- Loss of time, inconvenience, loss of use of the car, or commercial loss.
- Any car with an odometer that has been altered so that the actual mileage cannot be determined.

### **To Get Warranty Service**

Take your car to an authorized Porsche automobile dealer. In an emergency, where an authorized Porsche automobile dealer is not available, repairs may be made at any available service facility or by yourself using any equivalent replacement part. A part not being available from Porsche Cars N.A. or a repair not being complete within 30 days constitutes an emergency. Porsche Cars N.A. will reimburse you for repairs covered by this warranty as follows: parts at Porsche Cars N.A. suggested retail price, and labor charges based on the manufacturer's recommended time allowance for the warranty repair and the geographically appropriate hourly labor rate. For reimbursement, present the replaced parts and a copy of the paid receipt to an authorized Porsche automobile dealer.

Porsche Cars N.A. wants to make sure the Emission Extended Defects Warranty is properly administered. If you cannot get warranty service, or you are dissatisfied with the service or with a warranty decision, refer to the Customer Information section in this Booklet.

An authorized Porsche automobile dealer is required to repair your car within 30 days from the time you bring your car to the dealer. If an authorized Porsche automobile dealer cannot repair your car or process

your claim within this period of time, you may contact Porsche Cars N.A. Customer Commitment for assistance or have the car repaired under the emergency repair guidelines.

If your claim is denied, Porsche Cars N.A. will explain to you why. If you believe you have not received the warranty coverage described in this warranty, you may write directly to:

**Your Responsibility for Maintenance**

This warranty assumes you will have the required maintenance performed on your Porsche according to the Maintenance Schedule supplied with your vehicle. This schedule is designed to keep your emission control systems functioning properly by maintaining your car's total operating performance. Any lack in total performance may affect your engine's emissions.

Maintenance, replacement or repair of emission control devices and systems may be done by the owner, at a service establishment of the owner's choosing or by a person or persons of the owner's choosing using any replacement part. However, only repairs made at an authorized Porsche automobile dealer will be covered by this warranty (except for emergency repairs). Porsche Cars N.A. assumes no liability for the workmanship at any service facility other than an authorized Porsche automobile dealer.

Any claim you make under this warranty may be denied if:

- It is demonstrated that the vehicle has been abused, neglected or improperly maintained, and that such abuse, neglect or improper maintenance was the direct cause of the need for the repair or replacement of the part.
- A part that the Maintenance Schedule requires to be checked at stated intervals is not checked, and not checking it causes the failure of a warranted part.

However, claims for repair necessary solely because of defects in material or workmanship will not be denied because the car or engine was not properly maintained or used.

**Your Responsibility for Using Equivalent Replacement Parts**

Porsche Cars N.A. recommends only the use of parts supplied by Porsche Cars N.A. or parts which are guaranteed by their manufacturer to be equivalent in design and quality to Porsche Cars N.A. supplied parts. The use of replacement parts not equivalent in quality or design to parts supplied by Porsche Cars N.A. may impair the effectiveness of your car's emission control systems. If a replacement part is defective or not equivalent to the original part, your claim for repair under this warranty may be denied. If, however, the part is not related to the reason your covered part fails, your claim will not be denied.

## **Two Year Unlimited Mileage Limited Warranty**

Your journey should never be held hostage to the subpar performance of inferior parts. Genuine Porsche parts are designed with such precision, with tolerances so incredibly tight, that Porsche confidently backs them with a limited warranty that's good for two full years and unlimited mileage. It includes both parts and labor at all U.S. Porsche dealerships and covers every genuine Porsche part we sell.

When it's your turn, don't settle for anything less than Genuine Porsche parts. For the name of your nearest dealer call 1 800 PORSCHE.

## Replacement Parts and Accessories Limited Warranty

This warranty is given to the owner of any Porsche automobile replacement part or accessory distributed by Porsche Cars N.A. and sold by any authorized Porsche automobile dealer in the United States or Canada.

### Time and Mileage Period

Parts supplied by Porsche Cars N.A. and purchased from and installed by an authorized Porsche automobile dealer at time of purchase are covered for 2 years, unlimited mileage from the date installed, unless the repaired or replaced part is covered under the New Car limited warranty. Any repaired or replaced parts are covered only for the remainder of this warranty. All parts replaced under this warranty become the property of Porsche Cars N.A.

### Warranty Coverage

Porsche Cars N.A. will repair or replace using new or remanufactured parts distributed by Porsche Cars N.A., at its sole option, any part covered under this warranty that is defective in material or workmanship under normal use. Parts that were sold and installed by an authorized Porsche automobile dealer will be repaired or replaced without charge either for parts or labor. If installed by anyone else, the cost of the replacement parts or accessories will be borne by Porsche Cars N.A., (even in the case of emergency repair), but labor charges will be your responsibility. All parts supplied under this warranty will be supplied by Porsche Cars

N.A. and all parts replaced become the property of Porsche Cars N.A.

### Your Responsibility for Normal Vehicle Use

Your *Owner's Manual* (which includes specific recommendations against using your car in certain ways) was written with the assumption that you will use your car only in ways for which it was designed:

- To carry passengers and cargo within specified load limits. (The load limits are specified on labels located in different places depending on the model of your Porsche.) See your Owner's Manual for their locations.
- To be driven on reasonable road surfaces within legal speed limits.
- To generally be driven daily over a distance of several miles. In the event of prolonged storage, contact your local authorized Porsche automobile dealer for instructions.
- A battery maintainer is available at your local authorized Porsche dealer. It must be used to maintain your vehicle's battery state of charge if your vehicle will not be used for several days.
- To be run on unleaded gasoline with the recommended octane rating as specified in the Owner's Manual.
- To be properly maintained according to the Maintenance Schedule and Car Care Instructions in the Maintenance Booklet.

### This Warranty Does Not Cover:

- Clothing, luggage, leather, bicycles (see separate warranties at your authorized Porsche dealer).
- Parts installed in vehicles for racing, competition or track use.
- Batteries damaged from storage, lack of normal vehicle use, or non-

Porsche approved electrical or accessory installation.

- Parts for which proof of purchase date, installation date and vehicle mileage at the time of installation are not presented.
- Parts considered normal maintenance items (such as brake pads, linings, clutch discs, tires, exhaust systems, shocks, struts, wiper blades, trim, decals, foil, mirror/car cover, bras, paint, etc.) unless they are defective in material or workmanship.
- Parts replaced under the New Car Limited Warranty, or parts covered under other warranties.
- Normal wear, adjustments, or deterioration of any part.
- Parts installed in a car with an odometer that has been altered so that the actual mileage cannot be determined.
- Improper repairs causing damage to the vehicle, its engine or parts.
- Abuse, accident, acts of God or other events beyond the control of Porsche Cars N.A., competition, racing or track use.
- Minor wind noise and insignificant seepage at the joints between the top and the body, or door windows in Cabriolet models cannot be completely avoided under all circumstances. Your Cabriolet or Targa should not be washed in a car wash and may experience damage to the top or window due to the scratching by the brushes, or may experience leaks due to the high pressure water streams directed in areas which would not experience water in normal driving conditions.
- Tires damaged by road hazard. (If you need further assistance, contact your authorized Porsche automobile dealer.)
- Tires damaged by premature wear.

**Note:** Porsche's race-bred heritage demands that tires are an integral part of the vehicle suspension, braking, and active safety systems. As a result, all Porsches are equipped with tires designed for

higher performance than those found on other passenger vehicles. While tire wear varies with vehicle operation, high performance tires like these are designed to assist the vehicle's suspension in delivering increased cornering forces and better handling. They may exhibit increased wear characteristics when compared to tires on other passenger vehicles. Consult your Owner's Manual for information concerning the proper care and selection of your tires. Refer to the Porsche Tire Information Guide for additional information.

- **Your vehicle is a mechanical device. All mechanical devices make some sort of noise, and/or vibration and those noises and vibrations can differ from vehicle to vehicle. Porsche Cars N.A. recognizes those noises as normal and characteristic of the product. Normal noises or vibrations as determined by Porsche Cars N.A. can be anything from brake squeal to road vibration. Therefore, normal noise and/or vibration and/or deterioration as determined by Porsche Cars N.A. or its representative is not covered by our warranty.**

### To Get Warranty Service

The defective part, or the car in which it is installed, must be returned by the purchaser to an authorized Porsche automobile dealer during normal service hours. You must provide a receipt that shows proof of purchase for the part, as well as the installation date and the mileage at the time of installation. If the car is not driveable because of a defect in the workmanship or materials covered by this warranty, call the nearest authorized Porsche automobile dealer for assistance.

If you cannot get warranty service, or you are dissatisfied with the service or with a warranty decision, refer to the Customer Information section in this Booklet.

## **Corrosion Limited Warranty**

This warranty is given to the owner of a Porsche automobile distributed by Porsche Cars N.A. through and sold by an authorized Porsche automobile dealer in the United States. Only the owner of the car is entitled to coverage and reimbursement under this warranty; this right cannot be transferred to anyone else (such as an insurance company).

### **Time and Mileage Period**

This warranty begins on the same date as the New Car Limited Warranty, and continues for 10 years with no mileage limit (except for 911 GT3 & GT3 RS which is warranted for 4 years). Any parts repaired or replaced under this warranty are covered only for the remainder of this warranty.

### **Warranty Coverage**

Porsche Cars N.A. will repair or replace with new parts distributed by Porsche Cars N.A., at its sole option, any original body panels, including those repaired or replaced under this warranty, that are rusted completely through from the inside out (perforated by corrosion). The owner will not be charged for material and labor. All parts replaced under this warranty become the property of Porsche Cars N.A.

### **This Warranty Does Not Cover:**

- Rusting of the outside of the underbody (floor pan) or any other part of the car except body panels.
- Rusting of body panels that were replaced, repaired or refinished after the car was first sold at retail, other than genuine Porsche parts supplied by an authorized Porsche dealer.
- Body panel rust caused by abuse or lack of maintenance.
- Improper paint/accident repair.
- Environmental damage such as that caused by acid rain or other industrial pollution, insect or bird droppings, tree sap, stones or other flying objects, highway maintenance chemicals, flood, storm, and other forms of disaster.
- Accident, acts of God or other events beyond the control of Porsche Cars N.A., collision damage, abuse or repairs.
- Paint matching. (Porsche Cars N.A. reserves the sole right to decide whether painting the repaired or replaced panel to match the original finish is practicable. Porsche Cars N.A. will not, under any circumstances, pay for painting the entire car solely for paint color matching.)
- Unauthorized modifications or vehicles with salvage titles.

### **To Get Warranty Service**

You must take your car, to an authorized Porsche automobile dealer during normal service hours.

If you cannot get warranty service, or you are dissatisfied with the service or with a warranty decision, refer to the customer information section in this Booklet.

### **Your Responsibility for Maintenance**

You must maintain your Porsche automobile according to the Appearance Care and the Car Care Instructions in the Owner's Manual.

### **Your Responsibility for Normal Vehicle Use**

Your Owner's Manual (which includes specific recommendations against using your car in certain ways) was written with the assumption that you will use your car only in ways for which it was designed:

- To be properly maintained according to the Maintenance Schedule in the Maintenance Booklet and Car Care Instructions in the Owner's Manual.

## **Customer Information**

**Please read this document. It contains important information for resolving your Porsche automobile concerns and disputes.**

## Owner Satisfaction

Thank you for your purchase! We at Porsche Cars North America, Inc. are dedicated to providing you with a Porsche vehicle which is up to our high quality standards so that you might enjoy driving in its finest form.

It is very important to us that you are satisfied with your Porsche vehicle. Authorized Porsche dealers are trained to help you. Generally, any problems can be solved most effectively by speaking with dealership personnel.

We realize that misunderstandings may occur, questions may be left unanswered, or expectations may not be met completely.

### **We suggest following this step by step procedure to resolve your concerns:**

1. Take your problem to the Dealership's Service Manager. He/She is the person in charge of the Service Department. Attempt to resolve your concerns there first. Normally, any misunderstandings— can be resolved by involving the appropriate dealership department manager.

### **If you are still not satisfied, and if you feel further review is required,**

2. Arrange to speak with the Dealer Principal or General Manager. These are the people directly responsible for the entire dealership. If they are unable to resolve your concerns, ask to get the Porsche District Service Manager involved.

### **In the event that you are unable to resolve your concern after speaking with the dealership,**

3. Contact Porsche Customer Commitment at 1 (800) PORSCHE. The staff at Porsche Cars N. A., along with our District Service Managers, strive for customer satisfaction. They will work with you to resolve any dispute.

If you feel that a decision made by the Porsche Customer Commitment Staff is not appropriate, you may

4. Request a review by Porsche's alternative dispute resolution program. We have established this program because we want you to feel that you have been treated fairly.

Porsche Cars N.A. provides an alternate dispute resolution mechanism through the National Center for Dispute Settlement (NCDS). A brief description of the program is on page 6 of this booklet. NCDS may be reached at 1 (866) 767-7244.

## **Porsche Owners Arbitration Information**

### **To Our Customers:**

Porsche Cars North America, Inc., has a commitment to you and your satisfaction.

From your first phone call or visit to the dealership, through the purchase and delivery of your new Porsche, to after-sales service, your satisfaction is our Number One objective.

If you should experience a problem which has not been resolved to your satisfaction through Porsche's franchised dealers or Customer Commitment Department, additional assistance may be available through the National Center for Dispute Settlement's (NCDS) arbitration program.

NCDS will attempt to resolve your complaint by serving as an intermediary between you and Porsche Cars N.A. If that does not resolve your dispute, and your claim is eligible for arbitration, you may present your case to an arbitrator who will render a decision about your claim. NCDS's decision is binding on Porsche Cars N.A. but not on you.

### **What is the National Center for Dispute Settlement?**

NCDS is an independent third party dispute resolution mechanism. The NCDS program resolves individual disputes involving Porsche's product reliability or warranty performance concerning your Porsche vehicle. NCDS staff is trained to gather information pertinent to your dispute. If appropriate, an Independent technical expert will inspect your vehicle and a volunteer NCDS arbitrator will render a decision with respect to

your dispute.

### **What types of disputes are eligible?**

NCDS arbitrates disputes involving Porsche's product reliability or warranty performance concerning your Porsche vehicle.

The Porsche program summary, available through NCDS, sets forth the types of disputes that are eligible and the remedies you may seek through the program. You must file a request for mediation /arbitration with NCDS within the time period for pursuing a claim under the applicable state motor vehicle warranty law, provided the concern or alleged defect was brought to the attention of Porsche Cars N. A. or one of its dealers during the eligibility period.

### **How does the mediation/arbitration process work?**

When you call NCDS, your claim will be forwarded to Porsche Cars N.A. for response. NCDS will attempt to resolve your dispute by serving as an intermediary between you and Porsche. If that does not resolve your dispute, and your claim is eligible for arbitration, your claim will be arbitrated.

For repurchase and replacement claims, NCDS will arrange, prior to the arbitration hearing, for a neutral technical expert to examine the vehicle, unless you and Porsche agree in writing that a technical expert should not be used. All technical expert reports will be presented to the volunteer NCDS arbitrator assigned to decide the dispute. An in-person arbitration hearing will be held at a mutually agreed upon date and time.

All relevant evidence will be admissible at the hearing. You and Porsche will be allowed to present each side of the dispute to the arbitrator. Both parties will be allotted sufficient time to give testimony and provide documents. Then you and Porsche will be given additional time for rebuttal. The arbitrator will render a decision within 10 business days of the hearing.

### **How long is the arbitration process?**

The entire process, from the time NCDS receives your request for mediation/arbitration to the arbitrator's decision is designed to take no more than 40 days. In some cases a decision may be delayed because of:

- Your failure to provide certain information required by NCDS.
- Your failure to contact Porsche about your dispute before requesting arbitration.

### **How much will it cost?**

There is no charge to you for submitting your dispute to NCDS. You may obtain copies of your case for a nominal fee from NCDS.

### **When to use the National Center for Dispute Settlement**

You must use NCDS if you are required to do so prior to seeking remedies available under the "Lemon Law" of your state. See the appropriate page in this booklet for specific requirements applicable in your state. However, if your state law permits, you are not required to use NCDS although that option is still available to you. In addition, you are not required to use NCDS prior to seeking remedies available to you through a court action pursuant to the Magnuson-Moss Warranty Act.

### **How to request arbitration?**

You may file a claim at any time by contacting the National Center for Dispute Settlement at the following toll-free number 1 (866) 767-7244. For further information, you may also write to:

#### **National Center for Dispute Settlement**

P.O. Box 561109  
Dallas, TX 75207  
1 (866) 767-7244

You will need to provide the following information:

- Name and address.
- Vehicle year, make, model, vehicle identification number (VIN), mileage date of purchase.
- A brief description of your complaint and the actions you have taken to resolve it.
- Enclose copies of invoices with your request for arbitration if you are seeking reimbursement for repairs or related incidental expenses.
- Enclose a copy of your vehicle registration.
- What action or remedy would resolve your problem.

### **What types of decisions are rendered, and how do I know if Porsche will abide by NCDS's decision?**

NCDS arbitrators base their decisions on what they believe to be fair and appropriate under the circumstances, and what could be awarded under applicable law. Remedies include, but are not limited to, repairs, reimbursement for repair or incidental expenses, such as towing costs; or replacement or repurchase of your vehicle if the claim qualifies under

the applicable “Lemon Law”. NCDS’s decision is binding on Porsche, but not on you, the customer. Porsche must comply with the decision within 30 days after it is accepted by you. NCDS will contact you within 10 working days of scheduled performance to ensure that Porsche has complied with the decision in a timely manner.

### **Are there limits on the scope of NCDS’S decision?**

NCDS decisions will not include: Attorney Fees; Punitive Damages; Multiple Damages; or Consequential Damages, unless state laws require.

### **What other recourse do I have available?**

If you are dissatisfied with the arbitrator’s decision or Porsche’s performance, you may pursue any other legal remedies which you may have, including small claims court. You should be aware that the arbitration findings may be admissible as evidence in any subsequent legal proceedings concerning your dispute. This description of NCDS is based upon the program at the time of publication. The program is subject to change without further notice. Contact Porsche Cars N.A. Customer Commitment Department at 1 (800) PORSCHE for the most current information concerning NCDS.

## **General Information**

### **Consumer - State/Laws**

Some states have passed laws which give new car buyers certain rights. Although these laws vary from state to state, they generally require that if a new car has a major defect (e.g., one that substantially impairs its use, value or safety) which cannot be repaired in a reasonable time (generally four attempts to repair the same problem, or out of service at various times for a total of 30 days), the owner can request a replacement or a refund. Usually, the defect must occur within the first year. The repair attempts or days out of service and time period vary depending on your state’s law. Refer to your respective state listing on the following pages for additional information.

There may be other considerations and terms in these laws. We recommend that you check your own state law if the need arises. Further notices for various states are contained later in this booklet. Our intent is for you to be satisfied with your Porsche vehicle. If you have any questions or problems, please contact your authorized Porsche dealer first, then Porsche Customer Commitment.

### **Dispute Resolution**

Generally, before making a request for a replacement or refund, we encourage the owner to submit a written explanation of the problem to Porsche Customer Commitment and give the dealer and Porsche Cars N.A. an opportunity to resolve it. If we are not successful, you may ask to submit the dispute to the National Center for Dispute Settlement’s arbitration program. See the addresses and telephone number listed on

page 6 of this booklet for information on how to submit your dispute to this program.

### **Bring Your Car in For Service**

Always carry this Warranty Booklet and your Maintenance Booklet with you when you take your Porsche vehicle to an authorized dealer for service. The Booklets provide the dealer service staff with the information they need and enables them to record each service which is vital to proper warranty decision making.

### **Selling Your Porsche**

If you sell your Porsche vehicle, the Owner's Manual and the Warranty and Maintenance Booklets should be left in the vehicle to make all operating safety and maintenance information available to the next owner.

### **Address Changes**

If you change your address, or if you bought this Porsche vehicle used, be sure to send in a Notice of Address Change/Notice of Used Car Purchase postcard. This card can be found at the back of this booklet or obtained from any Porsche dealer. You may also write to us directly at the address on the inside front cover of this booklet.

## **Notice To All Consumers**

Porsche Cars North America, Inc., is proud of its commitment to quality and workmanship, and most important of all, Customer Satisfaction.

The Statements applicable to specific states are contained, alphabetically by the state, in this section. If you reside in one of the states listed below, we encourage you to review the information provided.

Should you experience a problem with your Porsche vehicle, we recommend that you follow the steps listed in the Owner Satisfaction section and review the information on your specific state as these steps will provide the quickest and fairest solution. Most of all, be assured that Porsche Cars N.A. is committed to making your ownership experience as satisfying as the Porsche driving experience.

## **State of California Notice to Consumers**

1. PORSCHE utilizes the California Dispute Settlement Program (CDSP), administered by the National Center for Dispute Settlement (NCDS), a nationally recognized, independent third party mediation/arbitration administrator (P.O. Box 561109, Dallas, TX 75207). NCDS and Porsche have been certified by the Arbitration Certification Program of the California Department of Consumer Affairs.
2. If you have a problem arising under a PORSCHE written warranty, we encourage you to bring it to our attention. If we are unable to resolve it, you may file a claim with CDSP. Claims must be filed with CDSP within six (6) months after the expiration of the warranty.
3. To file a claim with CDSP, call 1 (866) 767-7244. There is no charge for the call.
4. In order to file a claim with CDSP, you will have to provide your name and address, the brand name and vehicle identification number (VIN) of your vehicle, and a statement of the nature of your problem or complaint. You will also be asked to provide the approximate date of your acquisition of the vehicle, the vehicle's mileage, the approximate date and mileage at the time any problem(s) were first brought to the attention of PORSCHE or one of our dealers, and a statement of the relief you are seeking.
5. CDSP staff may try to help resolve your dispute through mediation. If mediation is not successful, or you do not wish to participate in mediation, claims within the program's jurisdiction may be presented to an arbitrator at an informal hearing. The arbitrator's decision should ordinarily be issued within 40 days from the time your complaint is filed; there may be a delay of 7 days if you did not first contact PORSCHE about your problem, or a delay of up to 30 days if the arbitrator requests an inspection/report by an impartial technical expert or further investigation and report by CDSP.
6. You are required to use CDSP before asserting in court any rights or remedies conferred by California Civil Code Section 1793.22. You are not required to use CDSP before pursuing rights and remedies under any other state or federal law.
7. California Civil Code Section 1793.2(d) requires that, if PORSCHE or its representative is unable to repair a new motor vehicle to conform to the vehicle's applicable express warranty after a reasonable number of attempts, PORSCHE may be required to replace or repurchase the vehicle. California Civil Code Section 1793.22(b) creates a presumption that PORSCHE has had a reasonable number of attempts to conform the vehicle to its applicable express warranties if, within 18 months from delivery to the buyer or 18,000 miles on the

vehicle's odometer, whichever occurs first, the same nonconformity (a failure to conform to the written warranty that substantially impairs the use, value or safety of the vehicle) has been subject to repair 4 or more times by PORSCHE or its representatives or the same nonconformity results in a condition that is likely to cause death or serious bodily injury if the vehicle is driven, and the nonconformity has been a subject of repair 2 or more times by PORSCHE or its agents, **and the buyer or lessee** has at least once directly notified PORSCHE of the need for repair of the nonconformity. Notice to Porsche as required above shall be sent to the following address:

Porsche Cars North America, Inc.  
980 Hammond Drive  
Suite 1000  
Atlanta, Georgia 30328  
Attn.: Customer Commitment

California Civil Code Section 1792.22(b) also creates a presumption that a reasonable number of attempts have occurred if, within 18 months from delivery to the buyer or 18,000 miles on the vehicle's odometer, whichever occurs first, a vehicle is out of service by reason of repair of nonconformities by PORSCHE or its representative for the cumulative total of more than 30 calendar days after delivery to the buyer.

8. The following remedies may be sought through CDSP: repairs, reimbursement for money paid to repair a vehicle or other expenses incurred as result of a vehicle nonconformity, repurchase or replacement of your vehicle, and compensation for damages and remedies available under the PORSCHE's written warranty or applicable law.
9. The following remedies may **not** be sought through CDSP: punitive or multiple damages, attorney's fees, or consequential damages other than as provided in California Civil Code Section 1794(a) and (b).
10. You may reject the decision issued by an CDSP arbitrator. If you reject the decision, you will be free to pursue further legal action. The arbitrator's decision and any findings will be admissible in a court action.
11. If you accept the arbitrator's decision, PORSCHE will be bound by the decision, and will comply with the decision within a reasonable time not to exceed 30 days after we receive notice of your acceptance of the decision.
12. Please call CDSP for further details about the program.

## State of Maine Notice to Consumers

### MAINE ATTORNEY GENERAL / LEMON LAW ARBITRATION

#### IF YOU HAVE A SERIOUS PROBLEM WITH THIS VEHICLE:

The Maine Lemon Law (10 M.R.S.A. §§ 1161-1169) provides free Attorney General arbitration for consumer buyers or lessees whose motor vehicle (including motorcycles and motorized RVs) is seriously defective. Under the Maine Lemon Law, you may have a right to a refund or a replacement of the vehicle if the following applies:

1. There is an unrepaired defect or combination of defects which substantially impairs the use, safety, or value of your vehicle; and
2. This unrepaired defect was reported to the dealer or manufacturer:
  - during the manufacturer's express warranty; and
  - within the 3 year period following the delivery date of the vehicle to the original purchaser or lessee; and

- during the first 18,000 miles of operation; and
3. The defect still exists or has recurred after:
  - 3 or more repair attempts for the same defect, or
  - 1 or more repair attempts for the serious failure of either the braking or steering system; or
  - Being out of service for repairs for a cumulative total of 15 or more business days (for one or more defects); and
  - The manufacturer had been given in writing a 7 day Final Opportunity to Repair.

For this vehicle you should notify the Manufacturer or its authorized dealer of the defects and the right to make a final repair.

Mail to:

**Porsche Cars North America, Inc.**  
Attn: Customer Commitment  
980 Hammond Drive  
Suite 1000  
Atlanta, Georgia 30328

The Attorney General's state-run arbitration is different from any manufacturer sponsored program to which you may also be entitled. Under the state Lemon Law program, you will receive a free hearing

before a neutral state Arbitrator and a decision within 45 days of acceptance of your Lemon Law application. If your vehicle is declared a Lemon, the manufacturer must refund your purchase price or replace the vehicle.

**You must apply for state-run arbitration within 3 years after delivery to the original consumer and within the term of the manufacturer's warranty.**

THIS CARD PROVIDES ONLY A SUMMARY OF THE MAINE LEMON LAW.

The Massachusetts “Lemon Law” General Law Chapter 90, Section 7N 1/2 provides protection for consumers who have serious problems with their new vehicle.

### **UNDER THE LEMON LAW, YOU HAVE THE RIGHT TO A REFUND OR REPLACEMENT OF THE VEHICLE IF:**

- A. There is a defect(s), which substantially impairs the use, safety or market value of the vehicle; AND
- B. The defect(s) still exists or has recurred after either:
  - 1. three or more repair attempts for the same defect, or
  - 2. being out of service by reason of any combination of defects for a cumulative total of 15 or more business days, within one year or 15,000 miles (whichever comes first) after original delivery; AND
- C. Porsche Cars North America, Inc., has been notified of the defect and given one final repair attempt of no more than 7 business days.

**IF THE MANUFACTURER DOES NOT REFUND OR REPLACE THE VEHICLE AFTER THESE STANDARDS HAVE BEEN MET, YOU HAVE THE RIGHT TO HAVE YOUR CASE ARBITRATED BY A STATE-CERTIFIED ARBITRATOR.**

This state–run arbitration is different from any manufacturer-sponsored program to which you may also be entitled. Under the state program, you will receive a decision within 45 days of when your request for arbitration is accepted.

Under the law, you must request state–run arbitration within 18 months of original delivery of the vehicle.

### **THIS SHEET PROVIDES ONLY A SUMMARY OF YOUR RIGHTS.**

## **State of Montana Notice to Consumers**

We at Porsche Cars North America, Inc. are proud of our commitment to quality, workmanship, and to you, our customer.

If this vehicle does not conform to its applicable warranties and Porsche or its dealers have not repaired the vehicle after a reasonable number of repair attempts or the vehicle has been out of service for a specified number of days, you may be entitled under the provisions of your state “Lemon Law” to a replacement or repurchase of the vehicle.

Porsche Cars N.A., Inc., offers its customers third-party arbitration through the National Center for Dispute Settlement, a third-party complaint resolution service.

For additional information about NCDS, review page 6 of this booklet or contact Porsche Cars N.A., Inc., at the address or toll-free telephone number found on the inside front cover of this booklet.

In addition, in order to seek remedies under your state Lemon Law, you must first notify Porsche, by certified mail, at the address shown on the inside front cover of this booklet, of the problem with your vehicle.

Should you have any concerns or questions regarding your Porsche after you have contacted your local Porsche dealer, please contact Porsche Cars N.A., Inc. at the toll-free number shown on the inside front cover of this booklet.

## **State of New Hampshire Notice to Consumers**

The New Hampshire "Lemon Law," RSA 357-D, applies to new motor vehicles sold or leased (for two or more years) and registered in the State of New Hampshire. A new motor vehicle is defined as a passenger vehicle, motorcycle or truck with a gross vehicle weight not exceeding 9,000 pounds.

If, during the express warranty period, you discover a defect which substantially impairs the use, market value or safety of this vehicle, and it has not been successfully repaired after three repair attempts by the manufacturer, its agent or an authorized dealer, or it has been out of service by reason of repair of one or more nonconformities, defects or conditions for a cumulative total of thirty (30) business days, you may be entitled to apply for a comparable replacement or reasonable allowance for use.

In order for a repair attempt to qualify, you must obtain a written repair order. Neither the manufacturer nor any agent of the manufacturer (including the dealership service department) may refuse to provide you with a written repair order at your request. The vehicle is deemed to be out of service if it is in for repair for a majority of the day.

You cannot use the Lemon Law if you elect to use the manufacturer's dispute settlement mechanism.

ou may not use the New Hampshire Motor Vehicle Arbitration Program if you have stopped making payments on any financing agreement because of the vehicle's condition.

The New Hampshire Motor Vehicle Arbitration Program includes other eligibility requirements which you must meet to qualify.

Forms for electing to proceed before the New Hampshire Motor Vehicle Arbitration Board should be included with your new vehicle on delivery.

For information as to your rights under the Lemon Law or for additional forms, contact the New Hampshire Motor Vehicle Arbitration Board, 10 Hazen Drive, Concord, New Hampshire, 03305, telephone (603) 271-6383, or your dealer.

## **State of Ohio Lemon Law Rights Notice to Ohio Consumers**

**IMPORTANT: IF THIS VEHICLE IS DEFECTIVE, YOU MAY BE ENTITLED UNDER STATE LAW TO A REPLACEMENT OR TO COMPENSATION.**

**NOTICE:  
OHIO LAW REQUIRES YOU TO USE A QUALIFIED ARBITRATION PROGRAM BEFORE SUING THE MANUFACTURER OVER NEW CAR WARRANTY DISPUTES. FAILURE TO ARBITRATE YOUR CLAIM MAY PRECLUDE YOU FROM MAINTAINING A LAWSUIT UNDER SECTION 1345.75 OF THE REVISED CODE.**

Porsche Cars North America participates in the National Center for Dispute Settlement (NCDS), a dispute resolution program (P.O. Box 561109, Dallas, TX 75207, 1 (866) 767-7244). NCDS has been approved by the Ohio Attorney General as a qualified arbitration program under Section 1345.71 et seq. of the Ohio Revised Code.

If you have a problem arising under a Porsche new vehicle warranty, we encourage you to bring it to our attention. This step is optional and may be terminated at any time by you or Porsche. If we are unable to resolve it, you may be eligible to file a claim with NCDS.

NCDS staff may try to help resolve your dispute through mediation. If mediation is not successful, or if you do not wish to participate in mediation,

eligible consumers may present their case to an impartial third party arbitrator at an informal hearing. Within 40 days after you file your case, the arbitrator will render a decision that you may accept or reject. Porsche will be bound to the decision if you accept it.

Call NCDS to file a claim or to receive more information as to what claims are eligible. There is no charge for the call.

Further information about the NCDS program may be found on pages 37-39 of this booklet.

## **State of Pennsylvania Notice to Consumers**

We at Porsche Cars North America, Inc., are proud of our commitment to quality, workmanship, and to you; our customer.

If the new Porsche vehicle you have purchased does not conform to the manufacturer's express warranty, the Pennsylvania Automobile Lemon Law provides that Porsche Cars N.A. may have to replace it or pay you a refund, at your option.

If you discover a defect that substantially impairs the use, value, or safety of this vehicle, contact the manufacturer or its authorized service and repair facility immediately.

Your lemon law rights only cover defects which occur within one year after delivery or 12,000 miles of use, or the term of the express warranty, whichever comes first.

The law states that it is reasonable for the Porsche dealer, Porsche Cars N.A. or its agent to make up to three separate attempts to correct the same defect.

After three unsuccessful repair attempts, or after a total of thirty calendar days in which the vehicle is out of service for repair, you may be entitled to a comparable replacement Porsche vehicle or a refund of the purchase price less an allowance for your actual use.

If a dispute arises concerning a defect, you must first resort to the informal dispute settlement procedure established by Porsche Cars N.A. to assert your lemon law rights.

Porsche Cars N.A. or the Porsche dealer must provide you with an itemized statement of all repair work performed when your vehicle is returned from service. Keep those records for future reference.

For more information, contact the Office of Attorney General, Bureau of Consumer Protection, Strawberry Square, 14th Floor, Harrisburg, PA 17120. If you should have any questions concerning your Porsche vehicle, please contact Porsche Cars N.A. at the address or toll-free telephone number listed on the inside front cover of this booklet.

## **State of Vermont Notice to Consumers Vermont Registered Vehicles**

We at Porsche are proud of our commitment to quality, workmanship, and to you; our customer.

If, during the express warranty period, you discover defects which substantially impair the use, market value, or safety of this vehicle, and it has not been successfully repaired after three repair attempts by an authorized dealer, or it has been out of service for repair for a cumulative total of thirty (30) calendar days, you may be entitled to apply for a comparable replacement or a refund of your purchase price less certain allowances.

If you wish to seek a repurchase or replacement under the Vermont Lemon Law, **you must notify Porsche Cars North America, Inc., and elect whether to arbitrate your claim through National Center for Dispute Settlement (NCDS), a dispute resolution service, or the Vermont Motor Vehicle Arbitration Board. Your election of one of these dispute resolution mechanisms precludes you from arbitrating your claim through the other.** Forms for the Vermont Motor Vehicle Arbitration Board have been included with your new vehicle in the glove compartment. If, for some reason, you are unable to locate any of the information discussed in this notice, please contact the Customer Commitment Department of Porsche Cars N.A. at the toll-free number or the address shown on the inside front cover of this booklet. Pending the arbitration hearing, you must provide Porsche Cars N. A. with an opportunity to correct the defect. If you are satisfied with the re-

pair, the arbitration proceedings may be terminated but may be recommenced at any time during the express warranty period if the repair proves unsatisfactory.

In order for a repair attempt to qualify, you must obtain a written repair order. In calculating the thirty day repair time, the vehicle is deemed to be out of service if it is in for repair for a majority of the day. You may not pursue remedies under the Lemon Law if you have stopped making payments on any financing agreement because of the condition of the vehicle. Vermont's Motor Vehicle Arbitration Program includes other eligibility requirements which you must meet to qualify. The Vermont Lemon Law applies to new vehicles sold or leased for two or more years and registered in the State of Vermont.

For further information as to your rights under the Lemon Law or forms, contact the Vermont New Motor Vehicle Arbitration Board, 118 State St., Montpelier, Vermont 05602, telephone (802) 828-2669, or your dealer. You may also wish to contact Porsche at the address or toll-free telephone number listed on the inside front cover of this booklet.

## **State of Virginia Notice to Consumers**

If the new Porsche vehicle you have purchased does not conform to the manufacturer's express warranty, you may be entitled under state law to a replacement or to compensation. However, in order to exercise your rights, **YOU MUST FIRST REPORT THE CONDITION IN WRITING TO PORSCHE CARS NORTH AMERICA, INC., and PERMIT PORSCHE CARS NORTH AMERICA, INC. AN OPPORTUNITY TO REPAIR ANY NONCONFORMITY.**

### **Notice to Consumers Pursuant to Title 59.1, Code of Virginia, Chapter 17.6**

Porsche Cars N.A. may at times during the life of a Porsche vehicle, offer an adjustment program to pay all or part of the cost of certain repairs beyond the terms of the warranty. Under normal circumstances you will simply be asked to bring the vehicle to the nearest authorized Porsche dealer for repairs. Check the terms and conditions of any notice for details. You may also check with your dealer at any time to determine whether any adjustment program is applicable to your motor vehicle.

## **State of West Virginia Notice to Consumers**

**IMPORTANT: IF THIS PORSCHE VEHICLE IS DEFECTIVE, YOU MAY BE ENTITLED UNDER THE STATE LAW TO A REPLACEMENT OR TO COMPENSATION. HOWEVER, TO BE ENTITLED TO A REPLACEMENT OR COMPENSATION, YOU MUST FIRST NOTIFY PORSCHE CARS NORTH AMERICA, INC., OF THE PROBLEM IN WRITING AND PROVIDE PORSCHE CARS NORTH AMERICA, INC. AN OPPORTUNITY TO REPAIR THE VEHICLE.**

Porsche Cars N.A.'s offers its customers third-party arbitration through National Center for Dispute Settlement (NCDS), a complaint resolution service. For additional information about NCDS, review page 6 of this booklet or contact Porsche Cars N.A. at the address or toll-free telephone number found on the inside front cover of this booklet.

In addition, in order to seek remedies under your state Lemon Law, you must first notify Porsche, by certified mail, at the address shown on the inside front cover of this booklet of the problem with your vehicle and provide Porsche an opportunity to repair it.

## **State of Wisconsin Notice to Consumers**

We at Porsche Cars North America, Inc., are proud of our commitment to quality, workmanship, and to you; our customer.

If the new Porsche vehicle you have purchased does not conform to its written warranty, you may be entitled to a replacement or refund under Wisconsin's "Lemon Law." That law states that a consumer may claim and receive a refund or replacement vehicle if all of the following are true:

- 1) The new vehicle has a condition or defect covered by the vehicle's warranty that substantially impairs the use, value, or safety.
- 2) The condition or defect is not the result of abuse, neglect or unauthorized modification or alteration of the motor vehicle by the consumer.
- 3) Before the warranty expires or within one year of delivery, whichever is sooner:
  - the same defect is subject to repair by the manufacturer, motor vehicle lessor, or authorized dealer at least 4 times and the problem continues; or,
  - the motor vehicle is out of service for a total of 30 days because of defects covered by the vehicle's warranty. The 30 days need not be consecutive.

Porsche Cars N.A. offers its customers third-party arbitration through National Center for Dispute Settlement (NCDS), a mediation/arbitration program. This program has been certified by the Wisconsin Dept. of

Transportation. Before bringing legal action against Porsche under Wisconsin's Lemon Law, you must first resort to third-party arbitration through NCDS. However, if you choose to seek remedies which are not created by either the Wisconsin Lemon Law or the Magnuson-Moss Warranty Act, you need not use NCDS although that option is still available to you.

NCDS may attempt to mediate a settlement between you and the manufacturer. Mediation is voluntary on your part and may be terminated at any time. A decision shall be rendered within forty (40) calendar days from the date of original receipt of the dispute, in the event mediation fails to settle the dispute.

NCDS decisions are binding on Porsche but not the consumer. Porsche will comply with the decision within 20 days after receiving notice of the consumer's acceptance. The decision and findings of NCDS may be admissible as evidence in any court action.

For additional information about NCDS, review the information on page 6 of this booklet or contact NCDS at the address indicated below or at the toll free telephone number listed below.
